JAYCEE SENATORSHIP AWARDED LARSEN

An event of personal pride for Eric Larsen and considerable honor for the Penticton Junior Chamber of Commerce took place last night when Mr. Lar-

sen was awarded a Jay Cee International Senatorship. Shown above, Merv Allen, left, who joined the group the same night as Mr. Larsen eight years

ago, presents the lapel pin to Penticton's "Mr. Jay Cee." This is the first such award that has been made to a local member.

Eric Larsen Gets First J.C. Senatorship in City

Culminating eight years of active work for the Junior Chamber of Commerce, Eric Larsen was last night presented with the first Senatorship in J.C. International ever awarded in Penticton. This honor gives each holder a life membership in the international group, as well as linking holders in a form of advisory council that crosses all boundary lines outside the Iron Curtain.

The event, which took place on board the S.S. Seamus, signified Mr. Larsen's retirement from active work with the young business men's movement. But he will continue unofficially active, as an honorary member of the Penticton group.

His award was presented, and the special badge pinned by Merv Allen, who joined the Penticton Jaycees on the same night the recipient of the award did. Since then, Mr. Larsen has taken an active part in committee work, and has held many local, district, and B.C. Regional offices, having just retired from the last of these, as a member of the regional directorate.

Figures Show Decade of Rapid Growth for City

While Penticton's population has increased in ten years, from 9,500 (estimated) to 11,800, property values have increased threefold, according to city figures. Actual sale values have gone up even more, according to reliable estimates.

These are facts gleaned from the recently issued City of Penticton financial statement booklet. Factual information of the city's expansion in the past decade is clearly depicted in the figures.

For instance, in 1947, when Penticton was still a district municipality, taxable land values totalled \$2,303,354. By the end of 1956 this figure had practically doubled to \$4,427,654, but it is agreed no one is selling lots in the city for assessed values. Often the going price is more than double that assessment.

Significant though this figure is, it is in the improvement values that the real growth of the city shows up. In 1947 taxable improvements are quoted as \$5,528,629. At the end of 1956, the value is quoted as \$15,743,505, or approximately three times the total ten years ago. Again, improvements, representing buildings of various types, are selling at several times their assessed value.

On the debt side, it is shown that the school levy, has jumped from 33.3 per cent to 75 per cent, from \$103,627 in 1947 to \$213,724. Yet it is agreed by those most closely in touch with school economics that this \$100,000 increase does not cover the actual increase in school costs by a considerable margin.

In other words, while the taxpayer is collectively paying more, he is paying a smaller percentage of the total costs, which have gone up out of proportion to either population increase or the rise in costs paid by the city.

DEBT NOT SO GREAT
The debenture indebtedness of the city has also shown an increase but nowhere near the boost in property values. In 1947 the total debt owed by Penticton was \$1,289,456. At the end of 1956 it stood at \$1,875,236.

When these debt figures are again analyzed and it is found that \$1,321,000 of the present-day total was contracted after 1948, it is clear the city had retired some of its old debt in the interim.

Other items include \$122,000 for roads, \$72,000 for improvements to Penticton creek channel; \$63,000 for work on the electrical system, and \$126,000 for domestic water extensions.

The bonds-list indicates that the city is following the pay-as-you-go policy initiated a few years ago, for which Ald. E. A. Titchmarsh had always been a strong supporter. There have been no borrowings since October, 1952, and only the absolutely essential ones for the three years preceding.

This year, for instance, the city is engaged in several hundred thousand dollars worth of capital projects, all essential to the community and welfare of the municipality. Yet it is all being financed out of current revenue.

Naturally, the increased values and volume of local holdings has brought the city larger purses each year, with which to meet this stepping-up of work without borrowing. But other sources of revenue, including governmental grants have aided the movement as well.

POWER PROFITS
It is also significant that despite two substantial cuts in light

rates, the city has managed to maintain its power income. This is due to the fact that the city has been able to increase its power production and distribution efficiency.

Mr. Gillis, who had visited the Osoyoos Gyro club, was accompanied by Mr. and Mrs. Bob Lang of Osoyoos. Mr. Lang is president of the Osoyoos Gyro club.

Mr. Gillis, on his way to Victoria where he will attend the Gyro International convention June 24 through 28, gave a brief outline of Gyro International and its work.

Mr. Gillis, who had visited the Osoyoos Gyro club, was accompanied by Mr. and Mrs. Bob Lang of Osoyoos. Mr. Lang is president of the Osoyoos Gyro club.

Three B.C. Men Given Cabinet Portfolios

No Change In Foreign Policy

OTTAWA (BUP)—Prime Minister John Diefenbaker said today there would be no major change in Canadian foreign policy with his new government.

He made the statement after he and 16 new Conservative cabinet ministers were sworn into office at government house.

They took over the government of Canada 90 minutes after Governor-General Vincent Massey accepted the resignation of Prime Minister Louis St. Laurent.

Mr. Diefenbaker, who kept the external affairs portfolio for himself said five or six additional ministers would be named after his return from next week's Commonwealth prime ministers conference in London.

They would include one more minister from Quebec, and one more from Ontario representing a religious group not in the original 16.

The new prime minister said that the Conservative party had always tried to adopt "responsible" foreign policies, and while in opposition in parliament there had been a "high degree of unanimity" on foreign policy between the Conservatives and the Liberals.

"I see no change that will deny that degree of unanimity now that Mr. (External Affairs Minister Lester) Pearson is on the other side of the House," Mr. Diefenbaker added.

He also told reporters he saw no change in Canada's attitude to the United States or to the Commonwealth, but he said he would make no policy statement on those questions for the present.

Fined \$50 On Count Of Impaired Driving
Pleading guilty of an impaired driving charge, John Schneider of Kelowna was fined \$50 and \$5.50 costs in Penticton police court Wednesday afternoon.

He was reported to have driven erratically on Main street and was later found slumped over the wheel, his car stopped in the middle of Lakeshore Drive.

The case was heard by Magistrate C. W. Lintott.

He was reported to have driven erratically on Main street and was later found slumped over the wheel, his car stopped in the middle of Lakeshore Drive.

The case was heard by Magistrate C. W. Lintott.

Boys Hit By Glass When Pop Bottle Explodes
Flying glass from an exploding "pop" bottle which had been heated in a rubbish fire caused minor injuries to two young Penticton boys Wednesday afternoon.

One received six stitches for a cut on his leg and the other a stitch on his ear. Both boys suffered a number of other cuts.

The two youngsters, John and Kenneth 9, sons of Mr. and Mrs. J. Senger, 461 Tenth Street, were playing together near the incinerator at the back of the SuperValu store when one of the boys attempted to bring an empty bottle from the embers of a fire which had burned in the brick incinerator some time before.

The young boy moved the bottle with a stick and suddenly it burst apart.

Kenneth S. Banks, 453 Martin street, had just passed the parking lot when he heard the loud "bang" of the explosion.

He next saw the two bleeding boys come running towards him. He took them in his car to Penticton hospital.

Going back to the incinerator afterwards, Mr. Banks saw that there were two broken bottles there and that they had their stoppers on them. He described the bottles as quart soft drink bottles.

He said the boys were not extremely lucky they were not hit in an eye by the flying glass.

Fergus Cullen Conservative President Here
Fergus Cullen was elected president of the Penticton Progressive-Conservative Association at a meeting held last night in the Three Gables hotel. He succeeds H. A. Callaghan.

Other officers elected were H. A. Lowe, vice-president; John Edwards, treasurer and Miss Edith Sharp, secretary. Two new directors were named, John Coe and Reg. Duncan.

Eighteen delegates were chosen for the Conservative nominating convention to be held Monday in the Canadian Legion hall, Penticton. Another 12 delegates will be appointed by the association president.

President's report for the past year was read by Mr. Callaghan and the treasurer's report by George Desbrisay.

NURSES VOTING THIS AFTERNOON

Miss Alice Wright of Vancouver, executive secretary of the B.C. Registered Nurses' association, has arrived in Penticton today. She will conduct the strike vote among nurses at the Penticton General hospital this afternoon.

The vote will decide whether the nurses will take strike action to back up their salary agreement demands. They are asking for benefits recommended by a conciliation board including a basic salary of \$244 per month, five per cent annual increments, credit for university courses and a one-year contract.

Bertha Heron Dies At Coast

A former well-known resident of this city, Mrs. Bertha M. Heron, died recently in Vancouver.

She was the first Worthy Matron of Edina Chapter No. 33, Order of the Eastern Star, Penticton. She was also Past Grand Guardian of the Grand Guardian Council of the International Order of Job's Daughters of B.C.

Mrs. Heron is survived by one son, Gordon L. of Vancouver and one daughter, Mrs. D. A. (Marjorie) Burnett of Rossland.

Funeral services were conducted from Nunn and Thompson's chapel, Vancouver.

Forestry Offence
For sawing unsealed timber and failing to make the necessary government returns, Lawrence C. Huber, Penticton, was fined a total of \$80 in Penticton police court this morning.

He was fined \$50 and five dollars costs on the first charge and \$25 on the second.

The case was heard by Magistrate C. W. Lintott.

Sworn In With Prime Minister

OTTAWA—(BUP)—Prime Minister John Diefenbaker today named Donald Fleming and Gordon Churchill to the important cabinet posts of finance minister and trade and commerce minister.

John Diefenbaker was sworn in as Prime Minister at 11:30 a.m. (EDT) at a ceremony at Government House.

Outgoing prime minister St. Laurent went to see Governor-General Vincent Massey at 10 o'clock this morning (EDT) to say farewell and have Mr. Massey accept his resignation.

Prime Minister Diefenbaker's cabinet was also sworn in at the ceremony.

In his recent retirement statement Prime Minister St. Laurent said that he and his Liberal party would give every co-operation to the new government.

Prime Minister Diefenbaker is scheduled to leave for London next week to attend the Commonwealth prime ministers' conference.

The slate of ministers sworn in today before Governor-General Vincent Massey is:

Public works—Howard Green, Vancouver-Quadrant.

Finance—Donald Fleming, Toronto-Eglinton.

Veterans' affairs—A. J. Brooks, Royal, N.B.

Transport—George Hees, Toronto-Broadview.

Solicitor-General—Leon Balcer, Three Rivers.

National defense—Maj. Gen. G. R. Pearkes, Esquimalt-Saanich.

Trade and commerce—Gordon Churehill, Winnipeg South Centre.

Justice—E. Davis Fulton, Kamloops.

National revenue—George Nowlan, Digby-Annapolis-Kings.

Northern affairs—D. S. Harkness, Calgary North.

Secretary of State—Mrs. Ellen Fairclough, Hamilton West.

While he worked a House of Commons carpenter went to his door and removed the old brass plate, "Leader of the Opposition."

One of his office staff carried out a picture of Sir John A. Macdonald, founder of the Conservative party, which will now hang in the new prime minister's office in the east block.

Mrs. Fairclough was the first woman to be named a cabinet minister. For the swearing-in ceremony, she wore a white linen

Classes for Retarded Opening in September

A school for retarded children will open this September in Penticton, according to a report read at a meeting Wednesday evening of the recently formed Penticton and District Society for the Mentally Retarded.

The school will be located in one of the rooms of the Penticton United Church Sunday school building. This location may only

be temporary, however president Mrs. A. Earl Wells said.

A teacher for the new institution has yet to be chosen reported education chairman and first vice-president A. A. Shipton.

Opening date for the school would likely coincide with that for other schools in the district, Mrs. Wells said. It would be open from 9:30 a.m. to 11:30 a.m.

The society will be helped in its operation of the school by the department of education, with a grant for each child of school age, from 6 to 18.

However, a motion was passed at Wednesday's meeting that the school be made available, wherever possible, for children whose ages did not fall within this category.

10-12 PUPILS
Mrs. Wells said she felt there would be at least 10 or 12 pupils starting in September.

Children will be accepted for instruction on the recommendation of a screening committee set up by the department of education.

This committee will consist of the public health doctor, the public school inspector, the principal of the school normally attended by the prospective pupil, and two members of the board of directors of the society.

The meeting agreed that the proposed constitution and by-laws for the local society should be sent for ratification to the Association for Retarded Children of B.C., Vancouver, with which the Penticton and district body is affiliated.

E. H. Cotton, treasurer, announced that an appeal will be made to the service clubs of the city asking them, or one in particular, to help support the new school. He said, too, membership in the society of one dollar a year would be asked of the general public.

Mrs. Wells stated that enquiries about the school or other related matters could be made by telephoning herself at 4630 or Mr. Shipton, chairman of the education committee, at 2569.

Summerland Plans School For Retarded

SUMMERLAND—Plans are to start a school for retarded children in Summerland this fall if the necessary arrangements can be made.

A chapter of the Association for Retarded Children of B.C. was formed by unanimous motion of a largely attended meeting held in the high school Tuesday evening. R. S. Oxley was chairman for the meeting, explaining the local situation, which was followed by about an hour's discussion, prior to the motion.

Mrs. W. Goepel, executive director of the provincial association spoke telling of the aims of the society, its organization and financing.

Dr. T. A. Karwood, medical director of Woodlands School at New Westminster spoke, also.

In his opinion handicapped children are better to live at home and have special schooling than to be put in institutions.

Dr. T. H. Anstey was elected as president, and the vice-presidents are Mrs. J. Y. Towgood and Mrs. E. E. Bates. J. H. Solly is the treasurer and Mrs. A. W. Vanderburgh, the secretary. Directors are Rev. A. A. T. Norrump, R. S. Oxley, W. H. Durick and V. B. Durnin.

While plans are underway to organize a school for handicapped children in the south Okanagan, the feeling was to start local classes. Tentative plans have been made for a teacher who may go to take special training in the course offered at Woodlands during the summer. A nepes has been mentioned as well.

PLANNING SCHOOL FOR HANDICAPPED

External Affairs Ministry Demands Full-Time Control

Canada's new prime minister will have many reasons to offer for announcing that he will also head the external affairs ministry in the immediate future. Some of these he has emphasized already. But the obviously underlying fact is the small-bore dimensions of any of his elected supporters for this particular role.

It is a vital role in world affairs, or at least was made so in its interpretation and development by Lester Pearson. Any successor would find himself overshadowed. Diefenbaker's decision has therefore at least this weight to it, that he is very probably the best person to handle the portfolio—for it is hard to overshadow a prime minister.

Yet for this to be a continuing policy will be to put Canada in an embarrassing position. It will be to return us to mug-wump provincialism. Diefenbaker has too much to do as the nation's chief minister, particularly when he heads a brand-new government and one as yet

most unsubstantially supported in parliament, to give more than the most fleeting attention to external affairs.

This cannot continue. By one force and another, Canada has been brought into a position of meaning and consequence in the world's councils. Our function as an intermediary, trying to hinge U.S. and British views, is more desperately important than ever today. If a Conservative government is really to take hold of the nation's rudder, there must be a trustworthy helmsman for this particular part of the watch, and one without divided duties.

Diefenbaker, we realize, knows this only too well. His action, in naming himself to the post, underlines this, though he gives other reasoning.

It is for him to single out someone he deems worthy and open a seat for him as soon as possible, if such a person does not now exist—and he has as good as declared this—within the ranks of his already elected supporters.

"For Welfare of Mankind"

Next Tuesday, June 24, the Order of St. John, oldest order of chivalry in the British Commonwealth and parent body of St. John Ambulance association, marks the 858th anniversary of its founding.

The 858 years of the order's existence constitute one of the proudest histories of any organization in the world. Under the motto—"For the Welfare of Mankind"—adopted at its founding in 1099, the order has performed countless deeds of mercy throughout all Commonwealth countries.

Its work is divided into two phases—teaching others first aid, home nursing and child welfare and providing a trained body of men and women to give help to the injured in an emergency.

Today in Canada St. John Ambulance trains some 60,000 people a year in first aid and several thousand more in home nursing. These include the large groups who receive this instruction in Penticton and district each year.

Trained men and women of St. John Ambulance gave dramatic proof of the value of their training during the 1948 B.C. floods and other disasters. They are also available for help at sports events, organized picnics, exhibitions, ski trails and almost anywhere else that their knowledge may be required.

Except for very small administrative staffs the members of St. John Ambulance are all unpaid volunteers giving their spare time to help others. They are thus continuing the record of self-

less service that has characterized their order's 858 years.

Their order dates back to the Crusades. When the Crusaders captured Jerusalem in 1099 their sick and wounded were nursed in an ancient hospice by men known as "Poor Brethren of St. John." The care and devotion they rendered aroused the admiration of the Crusaders and as a result the Order of St. John was formed.

The order then grew more military in character as its members shared in the defence of the Holy City and Christianity but its knights never forgot their origin and continued to serve in hospitals.

After the Christians were driven out of Palestine headquarters of the order was moved about the Mediterranean finally locating in Malta in 1530. After the fall of Malta to Napoleon in 1798 the military history of the order came to an end and its members devoted all their energies to works of charity, gradually spreading throughout the Commonwealth.

In 1888 Queen Victoria granted the order a royal charter and became its sovereign head, an office now held by Queen Elizabeth II.

In Canada the first St. John Ambulance classes were held in 1883 and the work of the order has since spread to all the provinces. As the Queen's representative the Governor-General is Prior of the Order in Canada.

Man's Best Friend Reprieved

Penticton dog owners have a reprieve. City council Monday night gave them another chance to control their pets themselves. Aldermen were reluctant to impose stricter controls on the city's canine population despite repeated complaints of marauding dogs, because they didn't want to deprive city youth of "the boy's companion."

Every boy is entitled to have a dog during his early and adolescent years. Ownership of such a pet has helped many a youngster through a rather difficult period of his development. Many adults too find a dog an excellent household companion.

When dogs become a nuisance to others and cause damage to private property, however, someone has clearly neglected his responsibilities. No dog owner should be permitted to let his dog run about the neighborhood overturning garbage cans, digging up carefully

tended gardens and otherwise making a menace of himself.

Indeed learning to care for a dog, ensuring that it is watered, fed, washed and trained properly and that it is under control at all times is an excellent avenue of self-discipline for dog owners, be they youth or adult.

Moreover it's harmful to the dog too to be wandering at will in a city such as this. Foraging in garbage cans it can pick up scraps and litter injurious to its health.

For all these reasons dog owners have a responsibility to keep their pets at home, particularly at night. If they continue to neglect their responsibilities public good will demand that the city take more stringent dog control measures.

If dogs are to be "man's best friend" they cannot be a public nuisance.

Foremost Composer Of Today, Now 75

HOLLYWOOD — (UP) — Hollywood has more than its share of colorful, high-headed residents, but this community also boasts one of the world's greatest composers. He is Igor Stravinsky, who celebrated his 75th birthday this week.

The foremost living creator of modern music is the elder statesman of many great names of art, literature and music who have formed a colony in the land of the motion picture. Christopher Isherwood, Aldous Huxley and John Van Druten; composer George Antheil, violinist Joseph Szigeti and cellist Igor Pia-togorsky also make their homes in southern California.

Few film celebrities realize Stravinsky lives but a stone's throw from their habitats. He and his wife, Vera, dwell in a modest home in the hills above the Sunset Strip—the nightclub and restaurant row where sports cars roar and actors engage in late-hour fistfights.

Stravinsky does not write music for movies but other serious creators work for the film industry. Isherwood wrote "Plane" at MGM. Antheil has written music for many movies, including "The Pride and the Passion."

All these notable men live quietly, perhaps one reason why they are virtually unnoticed in the whirl of show business. Yet, while one mark of distinction in glitterland is to have an unrelated phone number, you can find the names of Stravinsky and Isherwood in the telephone directory.

President Eisenhower sent a telegram congratulating the composer on his 75th birthday Tuesday.

While other men think of retiring at 75, Stravinsky already is planning to conduct in Japan.

The composer still works as much as 15 hours a day in his dark, crowded study. It is filled with four desks and a piano. A drawing of Stravinsky by the French artist, Jean Cocteau, hangs on one wall. The room holds other mementos of the composer's fabulous life, including his large collection of Russian icons (religious paintings).

His wife recently took up painting, and her abstract pictures of the have been highly praised by a-

OTTAWA REPORT

CANADIAN VOTER NOW IMMUNE TO BROMIDES

By PATRICK NICHOLSON (Special to the Herald)

OTTAWA — The voters are now immune to political tranquilizers.

That is the outstanding lesson of last week's voting. No longer are Canadians lulled into a mood of uncritical credulity by the honeyed verbal bromides fired at them by a Prime Minister and his henchmen. The era of MacKenzie King is thus finally ended.

No Canadian has ever gulled as fellow countrymen to the extent that William Lyon MacKenzie King tranquillized his supporters and his critics alike. Our political life was kept at the superficial level of trite comment about minor issues and platitudinous hopes about major virtues. There was never any serious political debate across the nation about any major issue. Whenever a major issue reared its ugly head, MacKenzie King ordered it to be swept under the carpet, and he acted as if it had never arisen.

"There are no major issues today," was the phrase which MacKenzie King no doubt repeated to himself every morning as regularly as he said his prayers. And by oft repeating, he tried to convince himself and others that it was true.

"This tendency to ignore, to belittle, and to sweep under the carpet any major issue continued through the administration of MacKenzie King's successor, Louis St. Laurent. And it proved to be a satisfactory formula right up until its final debunking by the public on 10 June 1957.

At the opening of the election campaign in April, Prime Minister St. Laurent told a press conference here that he hoped that the Norman case would not be made an election issue.

I was so flabbergasted by this mock-ingenuous comment that I was prompted to ask: "Are there any other skeletons in your closet which you would also like to be kept out of the election?"

But St. Laurent, the man with a closet full of skeletons, was so obviously himself a victim of the MacKenzie King tranquillizers that it was pointless to ask such a question.

Instead, let us just look for a moment at the topics which did not become hot election issues.

The greatest of these is trade. Inflation, unplanned development, governmental neglect, and

heavy U.S. investment here, have all combined to produce a situation which is now overdue for overhaul. The great majority of our trade is with the States; our high-cost economic structure has forced us out of other markets, and this in turn has contributed to the continuing non-convertibility of sterling, and so the vicious circle continues.

Now many of our former West European customers are about to form a free-trade area, from which we are likely to be excluded by default because our government has done nothing to have us included or even to enquire whether it would be to our advantage to be included. The St. Laurent legacy here is an economy which seems headed for an increasingly heavy mortgage to Uncle Sam, and Heaven help our children and grandchildren who will have to pay it off.

CHARITY AT HOME

As serious to our future as the issue of domestic government revenues. Something must be done to make sure that our provinces and municipalities again receive their fair share of the tax dollar. They were forced to give that up under the emergency of war, but the extra slice which our federal government spent in wartime on bombs and bullets, they are today spending on bonuses and bribes.

Other serious points, likewise never considered seriously in parliament or on the hustings, include the unnecessary extravagance of developing obsolete weapons of war such as the C-105 fighter plane; the failure of the North Atlantic Pact which, devised largely by Canadian statesmen to meet Canadian ideals and requirements, has since been abandoned by those same statesmen; and there is the paramount matter of our external relations — the Liberal government established no tolerable relationship with either Britain ("the supermen of Europe") or the States ("the kite to which we won't act tall"). So Canada, that "golden hinge" between those two great powers, became a squeaking rusted-up hinge.

Today is none too early for these major points to receive the attention which for too long our government has frittered away on such minor issues as culture, the William Carson, Quebec divorce, salacious best-seller and all the other trivia of those years which the locusts consumed.

Margaret Beats Queen In Horse Race At Ascot

ASCOT, England.—(UP)—Exuberant Princess Margaret beat Queen Elizabeth in an exciting finish to an unscheduled royal horse race at this world-famed track today.

Bringing up the rear as a handful of grand stand attendants and bookies watched the royal sisters gallop home, were the Duke and Duchess of Beaufort.

If any bets were won or lost, they were not announced.

The Queen and Princess Margaret were with a party of several other riders from a Windsor Castle "house party," traditional every year during the Ascot season.

They drove over from Windsor to the course here and all mounted horses for a sedate ride around the track, deserted before the afternoon card.

Then either the Queen or Margaret shouted a signal.

The race was on. The Queen and Margaret led the field, their horses almost nose to nose when the Princess spurred ahead. Laughing happily Margaret reigned in and the party continued around the course at a dignified pace.

At the far side of the stands, they dismounted and drove back to Windsor by car.

The first woman to be seated as a member of the U.S. Senate was Mrs. Rebecca L. Felton (D., Ga.), in 1922. She was appointed to fill the vacancy caused by the death of Sen. Thomas W. Watson.

Hump on Westside Road to Go in '58

KELOWNA — Elimination of the famous "Hump" on the Westside road near Nahon Landing was seen as a possibility next year, following an announcement last week that survey work will be started during the summer for re-routing of the road in that district.

A. Provenzano, Vernon engineer, said that surveys will start as soon as possible on the road a half mile south of Nahon, and that work may be started next year.

Widely known as a hazard to motor traffic, the "Hump" is a sharp steep hill on which it is impossible to see traffic coming in the opposite direction. A sign "Blow Your Horn" indicates the extent of visibility.

Further work on the Old Kam-

loops road and the Cameron Point road are projected for this summer, Mr. Provenzano said.

Highway No. 97 has been flush-coated for 12 miles, the last stretch of gravel surface between Vernon and Sicamous.

Although it was originally planned to complete the paving of this stretch during the summer, it is now doubtful if this will be done.

Although it was originally planned to complete the paving of this stretch during the summer, it is now doubtful if this will be done.

Pensioners Thank B.P. Club for Party

The Penticton Business and Professional Women's Club is in receipt of a letter from the Old Age Pensioners Organization expressing the appreciation of members for the annual spring drive and tea which took place on June 2. Approximately 119 senior citizens attended the tea held aboard the SS Sicamous under the co-sponsorship of Miss Elizabeth Edwards, assisted by Miss Flora Neil.

The letter was read at the June meeting of the B.P. Club held in the Log Cabin at the Dominion Experimental Station at Summerland following the annual picnic luncheon.

Other matters of interest presented on the agenda included reports by Miss Adelaide Evans and Miss Hettie Parkin on the club's provincial conference in May and an invitation from the Grand Forks B.P. Club to present the club's skit on Indian lore at the Christina Lake meeting, July 6 and 7.

It was announced that Lisa Sergio of New York, noted newspaper woman and commentator on international affairs, will be available as a speaker in Penticton on Sunday, October 6. The club is planning a luncheon meeting for that day and consideration is being given to inviting other groups to hear this popular and renowned speaker.

Mrs. May Hughes left by plane on Tuesday for a visit in Portage la Prairie, Manitoba.

Among those visiting in Penticton at the home of Mr. and Mrs. W. L. Peaker, Poplar Grove, are their son, F/O Laurier Peaker, of the RCAF station at Winnipeg; their son-in-law and daughter, LAC John Hamilton and Mrs. Hamilton, and their two children of Portage la Prairie. Mrs. Hamilton and children will spend the summer in Penticton while her husband is stationed at Sea Island.

Mrs. L. Stocks left on Tuesday by plane for Victoria where she will spend a two-week vacation at the home of her son and daughter-in-law, Mr. and Mrs. Peter Stocks.

Attending the Washington State Square Dance Festival in Yakima last week were ten couples from the Peach City Promoters: Mr. and Mrs. Percy Coulter, Mr. and Mrs. David Craig, Mr. and Mrs. Harold Hoey, Mr. and Mrs. Roy Weaver, Mr. and Mrs. Gus Geros, Mr. and Mrs. Ashcroft, Mr. and Mrs. Elwood Bromley, Mrs. Harold Barritt,

Bruce Barritt, Mr. and Mrs. Joseph Foster and Mr. and Mrs. S. Hinchman of Winfield.

Mr. and Mrs. Leslie Garner of Portland, Oregon, and Mrs. May Everts of Ephrata, Washington, have returned to their respective homes after visiting in this city with Mrs. Evert's sisters, Mrs. Earl W. Hughes and Mrs. J. T. Young, and their families.

Mrs. William London of Port Hammond, arrived in Penticton on Sunday to visit with her sister-in-law, Mrs. W. D. Goodman, prior to going to Naramata on Wednesday to attend the leadership course being held at the Leadership Training School under the auspices of the Women's Missionary Society and the Women's Association of the United Church of Canada.

The natural influence takes over in children's wear for summer. The National Cotton Council said the red, white and blue color scheme shows in everything from play clothes to party dresses. Dresses have sailor collars. Skirts are topped with middie blouses. Sailor-knotted ties, braid trim and brass buttons add the seafaring touch.

Delegates Report To Auxiliary

Reports from the recent provincial convention of Legion Ladies' Auxiliaries held at Nanaimo highlighted the well-attended June meeting of the local LA held in the Legion Hall with president Mrs. Wilfred Gougeon in the chair. Mrs. Leonard Beddoes covered the social activities in her comprehensive report; Mrs. L. Lyons, resolutions, and Mrs. Gougeon, the business, at the annual session.

Particular interest during the evening was centred on the new royal blue felt cloth bearing the LA crest and which covered the speaker's table at the meeting. This attractive table cover was made by Mrs. Graham Kincaid. A similar cloth will be made by the auxiliary and donated to the Legion Branch 40.

Other reports submitted during the meeting included the one on hospital visiting by Mrs. H. Harbottle and on the recent zone meeting at Osoyoos by Mrs. Kincaid. Mrs. W. S. Kernaghan, auxiliary representative to the P.T.A., gave a comprehensive coverage on the student loan program.

New business included plans for catering to the VE dinner, the final whist party on Monday and a pie sale on July 13.

A Winner In Safeway's Skylark Bread Oldsmobile Contest

Congratulations to Miss Laura Hornby of Chilliwack, B.C., one of the winners in the fourth weekly Skylark Bread's Jungle Contest, held recently at all Safeway Stores. Miss Hornby is shown receiving the keys of her new Oldsmobile from Mr. Cecil Bedford, manager of the Chilliwack Safeway Store.

MR. AND MRS. FREDERICK ANTHONY LLOYD

—Portrait by Redivo.

Presbyterian Church Setting For Lloyd-Carson Ceremony

St. Andrew's Presbyterian Church was the setting for one of the prettiest ceremonies of the season uniting in marriage Miss Shirley Jean Carson, daughter of Mr. and Mrs. J. Henry Carson of this city, and Frederick Anthony Lloyd, Penticton, son of Mr. and Mrs. Fred W. Lloyd of Salmon Arm. Rev. Samuel McGladdery was the officiating clergyman when the lovely bride was given in marriage by her father.

Her original model bouffant gown, fashioned in waltz length, was styled of lace over taffeta and crinolines. The molded bodice featured sleeves in lily-point and a shoulder-wide neckline defined with a scallop of lace applique. A chapel veil was clasped by a lace cap embroidered with pearls. The beautiful ensemble was complemented with a cascading bouquet of red roses and stephanotis, and pearl earrings and matching necklace, the groom's gift.

The petite blond bride was attended by her sister, Mrs. Douglas Honan, as matron of honor; the groom's sister, Miss Gwendolyn Lloyd, as bridesmaid, and little Miss Leslie Howard as flower girl. Mrs. Honan was attractively attired in a ballerina frock of chartreuse taffeta with net overskirt; the bridesmaid was in blue nylon, also fashioned in the ballerina length, and the flower girl was sweet in a dotted pink nylon frock trimmed with ruffled net insets. They all wore head bandeaus of pale yellow and pink carnations and carried nosegays styled of matching blooms.

Fred Herbert was best man, while the ushers were George DesBrisay and Howard Hamilton. Noel Barry was wedding soloist.

A reception followed aboard the SS Sicamous where the toast to the bride was proposed by Bruce Howard and to the attendants by Fred Herbert. P. D. O'Brien was master of ceremonies for the occasion.

The parents of the principals assisted in receiving with the bride's mother smartly attired in a printed silk gown with pink and white corsage, and the groom's mother in a navy ensemble with pink accessories and corsage.

The beautifully decorated tiered cake centering the bride's table was made by her mother, Mrs. George Richardson, and Mrs. H. E. Chalmers presided during the reception hours.

When the young couple left on a honeymoon trip to Hawaii, the bride was charming in coral chiffon with matching cashmere coat, white accessories and carnation corsage. Before leaving she presented her wedding bouquet.

Back on the sportswear scene this season: the one piece playsuit, with skirt. Many of the ensembles feature the romper bottom; many of the skirts have side openings rather than the traditional front.

Bake two pies in one by inserting a piece of cardboard covered with wax paper through the centre of the pie. Put a different filling on each side.

Final Meeting Held Prior To Recess By St. Ann's CWL

St. Ann's Catholic Women's League concluded activities for the current season with a well-attended dinner meeting aboard the SS Sicamous. Mrs. Anthony Biollo convened the dinner attended by 65 members and director, Father Francis Quinlan, who opened business proceedings with the League prayer.

Many reports of particular interest were presented on the evening's agenda. Mrs. Norman Jenkins, membership convener, reported that a membership tea is being planned for June 26 on the church lawn. Each CWL member is to be given names of new residents in the parish and will be responsible for taking them to the forthcoming tea. An invitation to attend is also extended.

Mrs. Robert Ferguson, social convener, appealed for volunteers to visit the hospital, and Mrs. Hugo Dumont, spiritual convener, for two members to take care of the altar. Members responded to these requests and will assume the duties associated with these activities.

Miss Margaret McAstocker reported that the lists of names for the "Prospector" canvass had been distributed to the circle leaders and expressed the hope that there would be a large increase in the circulation this year.

Mrs. W. G. de Savigny, who with Mrs. Daniel Elman, organized the Purty Flour contest, announced that the quota of 10,000 pounds of flour had been reached and that the CWL would now receive the handsome set of dishes for use at church functions.

Plans for the baking contest to be held by the CWL in conjunction with the Penticton Peach Festival in August were outlined by Mrs. Louis Delachere. She urged all members to participate in the project.

Miss Grace d'Aoust reported on the successful Sacred Heart program with Miss Mary MacDonald as guest artist. She also reported that 14 members have subscribed to the League magazine.

The members voted to enter to a luncheon for delegates to the Old Age Pensioners' convention next year, if this conference is held in Penticton.

The CWL president, Mrs. Vincent Carberry, urged all members to offer a day's work on July 2, the Feast of the Visitation, for the Holy Father.

The resignation of the recording secretary, Mrs. Helen Darby-Hayes, who is leaving Penticton, was received with regret. Mrs. Kenneth Almond was elected to fill this vacancy.

Mrs. Carberry presented a very interesting report on the Diocesan convention which she had attended as delegate. Mrs. Carberry had high praise for the Lumby CWL for its hospitality to the delegates.

Prior to the meeting an interesting program of musical selections was given by Mrs. Helen Townsend, who sang, "Little Boy Blue" and "The End of a Perfect Day".

Oroville Orphans Give Red Sox Little Trouble

It was advertised as a baseball game, but if the handful of faithful fans who turned out at King's Park last night thought they were being treated to a preview of the football season you could hardly blame them.

After over two hours and nine innings, the scoreboard read Pen-ticton Red Sox 16, Oroville Orphans 5. The American club hooted the ball on nine occasions and the Red Sox committed five mis-cues. Added to this collection of fielding futility were numerous errors of omission, wild pitches and base running with a Brook-lyn tinge.

On the positive side, Red Sox righthander Jim Staff hurled four innings of shutout baseball, allowing only two hits, both sin-gles, and striking out four.

Offensively Staff, centre field-er Charlie Preen and first base-man Doug Moore were the big guns, each blasting a home run over the left field fence.

Moore started the Red Sox off on the right foot in the first in-ning when he followed a single by second baseman Charlie Rich-ards and a walk to Preen with a long drive over the fence.

Staff slammed out a solo blast in the fourth inning and then Richards poked his second base hit of the game to right field. Preen rapped the ball out of the park to drive in two runs and give the Red Sox a seven-run lead.

They were never in trouble af-ter that although the Orphans tumbled four runs in the fifth in-ning when Gordie Simons took over from Staff.

Jack Durston took over from Simons in the seventh and shut out the Americans the rest of the way.

Staff was credited with the win and Clark, the first of three Oro-ville hurlers, was charged with the loss.

CAVELIERS HOLD EVENT SUNDAY

The Cavalier's Rod and Cust-om Club will hold a "go and whoa" race Sunday at South Beach Drive, Skaha Lake. The race gets under way at 1:30 p.m.

Winners of the race, which is designed to test drivers' skill and judgment, will be awarded prizes donated by local busi-ness firms.

Anyone who wishes to take part in this event is invited to turn out for the race.

LITTLE LEAGUE

Elks, Legion Play For Brent Trophy

The Brent trophy, emblematic of Little League supremacy for the first half of the schedule, will be at stake Saturday night when Elks and Legion meet to break a first place deadlock.

Elks earned the first place tie by defeating Interior Warm Air, 9-3, Wednesday night and then blanking the same team, 7-0, last night.

In Wednesday night's encoun-ter, George Brent, who pitched a no-hitter, hurled Elks to their win and led off with a single as they jumped into a three-run lead in the first inning.

Interior Warm Air threatened in the fifth when they scored three runs as Brent tired slightly. Centre fielder Paul Rands turned in a standout performance for

Former Fight Manager's Wife Takes Over

PITTSBURGH (UP) — Mrs. Julia Mintz, whose late husband piloted Ezzard Charles to the heavyweight boxing champion-ship, said today she plans to be-come Pennsylvania's only lady fight manager.

"I'm definitely going to apply for a license," she said. "My sex will not be drawback."

Paul G. Sullivan, chairman of the State Athletic Commission, said there was no Pennsylvania law barring women fight man-agers. He said the commission and its counsel found nothing to prevent Mrs. Mintz from assum-ing her husband's ring role "pro-vided she qualifies on other counts."

"I've been associated in the boxing game with my husband for 22 years," Mrs. Mintz said. "I think I can handle the job as well as a man. I know the pro-fessional as well as managerial end."

Sullivan said there would be some restrictions if she were granted a licence.

"Naturally she won't be allow-ed to work in the corner or any-thing like that," he said. "The weight-lifts also will pose a prob-lem, but she'll have to work that out for herself."

BLUE BOMBER QUARTERBACK PLAYS TAG WITH TORNADO

WINNIPEG — (BUP) — Quarterback Charley Curtis arrived in Winnipeg late last night to join the Western Conference Winnipeg Blue Bombers after playing tag with a tornado.

Curtis said he had no intention of winding up as a coach, or even a physical director. He'd rather sell cars when he's too old to play quarterback.

He'll be required to jostle with Kenny Ploen and Guy Martin for the job with the Bombers, but he's still smiling.

They whisked through Fargo-Moorhead Thurs-day afternoon just a couple of hours ahead of a dis-astrous tornado.

VANCOUVER EDGED, 2-1

Mountie Hitters Still Holidaying

By UNITED PRESS

Sacramento and Portland may not have the horses to win the Pacific Coast League race, but they can still crowd some of the front runners into the rail.

Sacramento wasted about as little energy as possible last night dealing Los Angeles a double lashing that postponed the Angels' hopes of reaching first division. The Soions scored only four runs in two games, but they gave Los Angeles only seven hits in the doubleheader and won 1-0 and 3-1.

Portland meanwhile edged third place Hollywood for the third straight time, this victory being a 3-2 one.

Seattle retook the fourth place spot by beating Vancouver 2-1 while San Francisco was outscoring San Diego 8-7.

Earl Harris doled out only three hits to the Angels in the first game and bested Bob Dar-nell when Artie Wilson doubled and Nippy Jones singled for a third inning run.

The same Wilson-Jones combi-nation accounted for one run for the Solons in the second game but it was an insurance tally since Leo Righetti had grown muscles in the third and belted his first home run of the season with Wilson aboard.

Marshall Bridges and Milo Can-dini teamed up to hold Los Ange-les to four hits and big Steve Elko saved the Angels from a double skunking by hitting his 14th home run of the season in the fourth frame.

Bob Borkowski singled home Solly Drake in the eighth inning to break a 2-2 tie and give Port-land its third straight over Van-couver. Bill Abernathie of the Seals won in relief to make his record 7-0 while Seattle's Bill Kennedy pitched three frames of hitless relief to gain his fourth win without a defeat.

A couple of perfect record re-lievers got more so as San Fran-cisco increased its league lead to two and a half games over Van-couver. Bill Abernathie of the Seals won in relief to make his record 7-0 while Seattle's Bill Kennedy pitched three frames of hitless relief to gain his fourth win without a defeat.

San Francisco knocked San Di-ego out of the first division with a five-run rally off losing pitch-er Pete Mesa in the seventh af-ter Mesa had hurled three-hit ball to that point.

The Padre's Frank Robinson homered in the second with no-body aboard and the Pads scored twice in the ninth to close the gap but couldn't catch up.

Bill Glynn's triple and a sacri-fice fly by Dick Aylward gave Kennedy the run he needed in the top of the ninth to insure the Seattle win.

| STANDINGS | W | L | Pct. | GB |

Commercials Meet High School In Osoyoos Softball

OSOYOOS Osoyoos Commer-cials will meet the High School Friday night in the first game of the playoff finals in the Osoyoos Softball League.

To reach the finals, Commer-cials defeated Tweedy's in a best-of-three series while High School eliminated the Firemen in two straight games.

VEES CONTINUE AUSTERITY PROGRAM

Television Expected To Cut Hockey Gates

A ten per cent drop in atten-dance at Penticton hockey games is expected for next season.

The hockey executive, at their meeting last night called to set up the budget for next season's operations, expressed the op-inion that television, which comes to the valley this fall, would cut into attendance at the V's home games to a considerable degree. In drawing up next season's bud-get a loss in revenue of around \$4,000 was anticipated, leaving the finance committee the tough assignment of finding where the savings in expenditure could be made.

The executive went over last season's budget item by item but found few places where expendi-tures could be cut any appreciable

POWER PACKED KEREMEOS TRIUMPHS

Do these boys look full of con-fidence? If not they should for shortly after this photo was taken last night they carried the colors of the Keremeos Babe Ruth club to a 21-9 win

over Interior Contractors in a scheduled league game here. Left to right front row, Ed Minshell, Jim Byer and Norm Sladen. The two behind are Jim Terbasket and Russ Af-

fleck. Middle row, left to right, assistant coach Don Carlson, Nicky Knott, Dave Minshell, Paul Wurz, Jim Evans, Jim Bush and coach Conner Clarke. Back row left to right are Bob

Willis, Dave Broderick, Clar-ence Schneider, Joe Wurz and Barry Broderick.

Musial, Dickson Carry Cards into First Place

By UNITED PRESS

Murry Dickson and Stan Musial, the only members of the last St. Louis Cardinal pennant winner still with the team, have turned back the clock 11 years to play a vital part in a 750-drive that carried the current Redbirds into a half-game lead in the Na-tional league scramble.

Dickson, who didn't win a game for the first six weeks of the season, turned in his fourth victory of the month as the Cardinals beat the Pittsburgh Pir-ates, 7-4, last night while Musial stretched his hitting streak to 20 games. The Cardinals have roared along at a 155 pace this

month with Musial batting at a .400 clip and driving in 19 runs in the 20 games.

The Cardinals gained their half game margin with the aid of the New York Giants, who knocked the Milwaukee Braves out of first place with a 4-3 de-cision in 12 innings. The Cincin-nati Redlegs vaulted from fifth to third place when they whipped the Brooklyn Dodgers, 6-1, and the Philadelphia Phillies beat the Chicago Cubs, 7-2, in the other N.L. games.

The New York Yankees ran their longest winning streak of the campaign to seven games with a 3-1 win over the Detroit

Tigers and moved to within one and a half games of the Ameri-can League lead when the Balti-more Orioles beat the first-place Chicago White Sox, 4-1. The Bos-ton Red Sox downed the Cleve-land Indians, 9-7, and the Wash-ington Senators defeated the Kansas City Athletics, 9-4, in oth-er A.L. activity. The Yankees and White Sox open a four-game battle for the lead at Yankee Stadium tonight.

The 41-year old Dickson lim-ited the Pirates to two runs and seven hits before retiring with a stiff arm after eight innings and Lloyd Merritt pitched the ninth. Musial, who doubled in the first inning to keep his streak intact, drove in one run with a sacrifice fly in the sixth. Dickson had a 15-6 record and beat the Dodgers in the pennant-winning playoff while Musial hit a mere .365 back in 1946 when the Cardinals last won a pennant.

The Giants beat the Braves for the sixth time in nine meetings when Gail Harris tripled in the 12th and scored on Johnny Ant-onelli's sacrifice fly. It was only the fourth victory of the season for Antonelli but marked the third straight time he beat his ex-teammates. Ed Mathews and Bill Bruton homered for the Braves, who are 11-9 for the month.

Wally Post blasted a grand slam homer in the fourth inning and Brooks Lawrence pitched an eight-hitter to lead the Redlegs to their second straight win over the Dodgers. Gus Bell also hom-ered for Cincinnati while Duke Snider hit No. 12 for Brook-lyn in the first inning. Post's grand slam came off relief pitcher Ed Roebuck's second deliv-ery.

Harvey Haddix pitched a seven hitter and collected three singles as the Phillies held fourth place with their victory over the Cubs. Granny Hamner delivered a three-run triple in the sixth for the Phillies while Ernie Banks hit his 13th homer for the Cubs. Don Kaiser suffered his fifth loss.

Bob Turley pitched a six-hitter and struck out eight for the Yan-kees, who swept their three-game series with the Tigers. The loss went to Frank Lary, who beat the Yankees five times last year. Mickey Mantle went 1-for-2 and lifted his league-leading batting average to .378.

Brooklyn cutoff Billy Loos won his seventh game for BAU-more with a seven-hitter that handed the White Sox their eighth defeat in 14 games. Bob Boyd delivered key singles as the Orioles scored two runs in both the first and second innings to chase rookie Bill Fischer.

Billy Klaus and Jackie Jensen had three hits to pace a 14-hit Red Sox attack that carried Dave Sisler to his fifth victory. Rocky Colavito homered and Vic Wertz hit three doubles for the Indians, who rallied from a 7-2 deficit with two runs in the eighth and three in the ninth. The loss went to Early Wynn and squared his record at 8-8.

Pinch-hitter Art Schult's two-run double and Pete Runnel's two run single were the big blows of a five-run seventh-in-ning rally that enabled the Sen-ators to snap a four-game losing streak. Pedro Ramos rallied his fifth win while Mickey McDermott suffered his third de-feat.

Salmonbellies Win Fourth Straight Tilt

NEW WESTMINSTER — (BUP) — The New Westminster Salmon-bellies defeated Vancouver Pilsen-ers 13-6 at New Westminster last night.

The victory puts New Westmin-ster into a second place tie with the Nanaimo Timbermen and two points out of first place Victoria Shamrocks.

The game was a one-sided af-fair with New Westminster tak-ing the lead from the start.

High scorers for the Salmon-bellies were rookie Vern Wilkie with three goals and Ivan Stuart with two.

Scoring two goals for Van-cou-ver was John Cervi.

Another Pilsener man Tom Mc-Crae got a game misconduct in the third period for attacking the game referee Mike Monroe after he was dealt with a slashing pen-alty.

Lions Training Camp Under Way

VANCOUVER — (BUP)

The British Columbia Lions open-ed spring training yesterday with 29 Canadians and three Am-ericans on hand.

Coach Clem Crowe and assist-ant Vic Linslog put them through exercises at the practice field at Empire stadium.

Maury Duncan, formerly of the Pittsburgh Steelers, and Ger-ry Duncan, from California Poly Tech, trying for the quarterback position, reported for the first try-out.

Practises will continue on a twice-daily basis until the nu-cleus of the team is chosen for practice drills at the Kelowna training camp next month.

Marlene, Rae Resume Rivalry

TORONTO—(BUP)—Mrs. Mar-lene Stewart Striet, Canadian Open, Canadian Closed and just-about-everything-else champion, and Rae Milligan, who hits a golf ball farther than a girl is suppos-ed to, tee off today in the fin-als of the Ontario Ladies' Golf Championship at the Weston Golf club.

Mrs. Striet, who plays at the Lookout Golf club, was a slight favorite to retain her champion-ship against her Jasper, Alta., opponent. Miss Milligan won the tournament two years ago.

The final was scheduled for 18 holes, match play.

Worker Crushed By Truckful Of Money

WASHINGTON—(UP) Eight hundred pounds of money have crushed to death a worker at the Bureau of Engraving.

Bureau officials said 29-year-old Anthony Schroeder of Silver Spring, Md., was buried in money Tuesday when a truck loaded with it overturned.

He died yesterday at a Washington hospital. The coroner's office said his death was caused by internal injuries and a fractured pelvis.

'57 Cherry Carnival "Fun for Folks" Day

OSOYOOS — Plans for the Osoyoos Cherry carnival are proceeding very satisfactorily and the realization of the "fun for folks" slogan is becoming more likely every day.

The committee has now lined up a midway complete with kiddies' aeroplane ride, merry mix-up ride and possibly a ferris wheel.

Also providing entertainment will be a monkey show and a number of games and booths run by local groups and bingo.

Besides the bingo on the midway the committee is planning for a giant jackpot bingo (\$500 cash and \$500 in merchandise is

the jackpot prize). Admission for children will be free as will be treats for the children.

The day will begin at noon with a parade similar to the one witnessed by 8,000 at the Cherry Carnival one year.

Following the parade the crowning of Queen-elect Arlene Bird will take place, followed by a day of sports, games, novelty sports and dances, rides, refreshments and industrial displays.

The softball tournament is shaping up well and possibly will be held on both June 30 and July 1 with the likelihood of six teams participating.

Three teams will be from the local league and three from outside towns. Volunteer work parties are spending all this week getting the new field into shape and are also building a new backstop.

To conclude the day there will be two separate dances, the Cherry Carnival dance in the Osoyoos Community hall to the music of the Omak 49ers, and the Legion sponsored dance in the Osoyoos Legion hall with Saxies' Orchestra. In previous years the two dances were held jointly with a common admission to both but this year they are being staged separately.

Also of interest will be a centennial historical display arranged by the Osoyoos Historical society and displayed in the Osoyoos Curling arena.

It is also hoped to have a 100 year old wagon in the parade.

Sudan grass seeded soon after corn planting will be ready for pasture or green-chop in July and August.

"Old at 40,50,60?" — Man, You're Crazy

Forget your age! Thousands are peppy at 70. Try "pepping up" with Oxyo. Contains tonic for weak, rundown feeling due solely to body's lack of iron which many men and women call "old." Try Oxyo Tonic Tablets for you, younger feeling, this very day. New 28¢ quantity size only 80¢. For sale at all drug stores everywhere.

2 RCMP Face \$20,000 Suit

WINDSOR, (BUP) — A couple here Thursday filed a \$20,000 claim against two RCMP constables.

Mr. and Mrs. Victor Garcia are suing the policemen Roland Hill and Lloyd Monroe on allegations of assault, false imprisonment and trespassing.

The RCMP has acknowledged that some of the force's members entered the Garcia's apartment by mistake May 8th during a narcotics raid.

8th Mail Carrier For City Soon

The Penticton post office will increase the efficiency of its mail delivery service in the near future. Postmaster W. Mulligan has advised.

This will be done by the addition of another mail carrier to the post office staff, bringing the number of mail carriers serving the city to eight.

The result will be generally earlier mail delivery and particularly earlier delivery in the business section, Mr. Mulligan said.

The business section, which is presently served by two walks, will be divided into three walks and in-addition service will be extended to two districts previously without carrier service. These are Preston Ave. and Wilton Crescent.

Arrest Ends Mystery Of Page Boy And Diplomat's Daughter

WILLIAMSPORT, Pa. (UP) — The 16-year-old daughter of a Swedish diplomat and her Senate page boy sweetheart, missing since June 2, were arrested on a speeding charge here Thursday as they returned from a two-week trip to Canada.

Christiana Wennerstrom and Tuw Williams, 18, said they were on their way to Washington. They were stopped by State Troopers at nearby Allanwood. Williams

Mark 30th Wedding Anniversary Of Keremeos Couple

KEREMEOS — Dr. and Mrs. W. J. Rowe of Penticton assisted by Mr. and Mrs. R. C. Clarke and Mr. and Mrs. E. C. Clarke of Keremeos, entertained at their home Sunday evening in honor of the thirtieth wedding anniversary of Mr. and Mrs. J. C. Clarke of Keremeos, parents of Mrs. Rowe and Ruggles and Conner Clarke.

George Ross of Keremeos, a friend of long standing, proposed the toast to the bride and groom of 1927.

Guests were Mr. and Mrs. Cecil Brett, Mrs. Donald McCallum and Mr. and Mrs. A. E. Schell of Penticton, Mr. and Mrs. E. C. Armstrong, Mr. and Mrs. L. S. Coleman, Mr. and Mrs. J. H. East, Mr. and Mrs. H. C. McGuffie and Mr. and Mrs. G. A. Ross of Keremeos.

was driving his mother's car.

The three-weeks' mystery surrounding the couple was swept away with the arrest. Williams lacked money to pay the fine. He was assessed \$10, plus \$5 costs. The boy had only \$5 and police notified his and the girl's parents.

The young couple apparently spent most of the past two weeks at Wasaga, Ont.

The pretty blonde girl at first insisted that she and Williams had been married in Charles Town, W. Va. But when Mrs. Stig Wennerstrom arrived, she told her mother there had been no marriage. A county clerk in Charles Town said the couple had applied for a license on May 16, but it was not issued because of age requirements.

Williams, whose mother works in the senate typewriter room, and Christina were wearing wedding rings when stopped by police.

HERALD BUILDING MOVING CLOSER TO COMPLETION

The Penticton Herald is daily moving closer towards completion of the many building and equipment renovations preparatory to its becoming a daily

publication early in September. Depicted here is the new front section which, with a revision of part of the old building, will provide completely new quar-

ters for business and advertising office employees and for the news and editorial department. To the rear there is a separated division for job work

production and a large new press room where, yesterday, new high-speed equipment was arriving.

Penticton Not On Map, Holiday Map That Is

"Where is Penticton?"

That's what the city's board of trade has been asked this week and board of trade officials are somewhat annoyed.

Cause of it all is a map appearing in a recent issue of Vancouver Province's magazine section. The map, captioned "Holiday Trails" and illustrated with photos of vacation action, not only bore no scene from the Peach City but didn't even have Penticton marked or mentioned.

Mrs. E. Wilson, acting secretary of the Penticton Board of Trade, her righteous indignation aroused, has written a lengthy letter to the magazine editor of the Province informing him that there was a sizeable community in British Columbia by the name of Penticton.

She added that there existed a quite well-worn "holiday trail" to this "non-existent" city in the Okanagan. She went further and enumerated some of the facts and figures concerning this community as a holiday centre.

Mrs. Wilson was able to be extra forceful in her letter because of an envelope that arrived at the board of trade office this week. Postmarked "Tonasket, Wash.", the envelope contained the Province map with an addition.

Affixed to the map was a colored sticker circulated by the board, which extolled the holiday attractions of Penticton and in the lower right-hand corner of the map, where the Peach City should have been marked, appeared the hand-written query, "Where is Penticton?"

SLIGHTED AGAIN

The board of trade feels that Penticton has been slighted by another publication also.

The P.V. Reporter, a commercial publication, reproduced some charming photographs of Penticton in its June issue.

"But," said Mrs. Wilson, in a letter to the publication, "in one case (in referring to Penticton), you state 'It is a city near Kelowna and of comparable size,' in another, 'Penticton, 45 miles south of Kelowna.'"

"This would lead any uninformed reader to believe," continued Mrs. Wilson, "that Kelowna is larger, better known, and the first city of the Okanagan, when, if you will refer to the map and statistics you will find the opposite is the case."

The letter concludes: "... we draw this to your attention in the hope that any future coverage given Penticton will be independent of reiterated references to our neighboring cities."

Mrs. Wilson received, this week, a reply from the magazine publishers, Canadian Forests Products Ltd., agreeing with her that Penticton "was well enough known and of sufficient size and importance to stand alone, without reference to any other city."

It was pointed out, however, that the P.V. Reporter in this particular issue "frankly featured Kelowna." For the sake of many readers in Eastern Canada who "whether we like it or not, know little about British Columbia and have never heard of either Penticton or Kelowna," Penticton was consequently placed for them by referring to it as "a city of equivalent size and 45 miles to the south."

First Shipping Of Cherry Crop

The Summerland Co-op at Osoyoos is clearing the first carlot of Okanagan fruit for the 1957 season. It is being routed by special C.P. Express to the Edmonton market and consists of a load of cherries of mixed varieties.

Earlier in the week small lots of Black Tartarians, Duncans and Royal Annes have been moved to coast markets and B.C. Interior points. Both quality and size appear excellent at this time and the market is quite receptive despite importations from both Washington and Idaho.

Shipments this year are slightly earlier than last, when the first carlot cleared from the valley on June 23.

It is expected that the total crop this season will be almost 50 per cent greater than last year, but due to killing frosts in the winter of 1955 the total estimated tonnage will be far below a record.

In 1949 over half a million crates were produced. This year's crop will run short of 200,000 packages.

U.S. Tour Will Visit Osoyoos

Osoyoos will be a host city for the 1957 Alaskan Good Will Tour on its return journey, the Greater Clarkston Association, Clarkston, Washington, announced.

The annual tour, which begins in Clarkston, journeys through Washington to Kingsgate, Canada, and stops at Cranbrook, Fernie, Port McLeod, Calgary, Red Deer, Edmonton, Grande Prairie, Dawson Creek, Fort Nelson and Whitehorse.

In Alaska, the tour stops at Fairbanks, Eagle Summit, Palmer, Anchorage and Homer.

On the return trip, stops are made at Whitehorse, Dawson Creek, Prince George, Quenel, Clinton, Kamloops, Kelowna and Osoyoos.

Highlight of the tour this year will be a display of state flags, most complete ever seen in the northwest.

A child should not be told he is good or bad, according to whether or not he eats all the food set before him. If his refusal to eat certain foods is treated casually, he may forget a supposed dislike, making an issue of the matter fixes it in his memory.

Jam time again Get set for Strawberries!

Strawberry Jam

Yield: about 10 medium glasses (3 lbs. jam)
3 1/2 cups prepared fruit (about 2 quarts fully ripe berries)
1/4 cup lemon juice
7 cups (3 lbs.) sugar
1/2 bottle Certo Fruit Pectin

First, prepare the fruit. Crush completely, one layer at a time, about 2 quarts fully ripe berries. (If desired, sieve half of pulp to remove some of the seeds.) Measure 3 1/2 cups into a very large saucepan. Add lemon juice.

Then, make the jam. To the measured fruit in saucepan, add sugar and mix well. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly. Remove from heat; at once stir in Certo. Skim off foam with metal spoon. Cool slightly, to prevent floating fruit. Ladle into glasses. Cover at once with 1/4 inch hot paraffin.

LEMON STRAWBERRY JAM. First, scald glasses as usual, and place 1/4 teaspoon grated lemon rind in bottom of each glass for in just one make Strawberry Jam as directed. Ladle into glasses, and stir quickly to blend flavors. Paraffin.

When strawberries are at their red-ripe peak—that's the time to buy them and make your jam!
You're sure of successful jam every time, too, when you rely on the quick, easy Certo recipes.

Why CERTO gives you failure-proof jam

Certo is natural fruit pectin. Pectin is the jelling substance found in all fruits in varying amounts. Some fruits have so little they must be boiled and boiled and boiled. Other fruits, with good amounts, must be boiled 20 to 30 minutes before they will jell. But even then you can never be sure of results.

When you use Certo, there's absolutely no guesswork. You boil your fruit hard 1 minute only. You keep the true color and flavor and you get up to 50% more jam because you don't boil the juice away.

You'll be proud to serve the lovely jam you make quickly, easily, successfully with Certo.

PAY BILLS BY CHEQUE

with a Bank of Nova Scotia

PERSONAL CHEQUING ACCOUNT

simple • safe • convenient • inexpensive

What a Personal Chequing Account Is

A Personal Chequing Account is a new BNS service that can save you money if you pay bills the convenient way—by cheque. To open an account you deposit money in advance—then write as many cheques as you need, up to the amount you have on deposit. Low cost!—the prepaid service charge is just 10¢ a cheque. There are no other service charges when using these cheques.

Shop, Order by Mail,
or Pay Bills With a
Personal Chequing Account

Pay for your major purchases by cheque, when you shop or order by mail. Then there's no need to carry or risk sending cash... and you save time and C.O.D. charges.

Pay Bills by Cheque. No waiting for change. When you pay bills by mail, your cancelled cheque is kept safe at the bank—always available—in case of need to serve as a receipt. By recording all deposits and withdrawals, you can always tell at a glance just how your account stands.

How to Open a
Personal Chequing Account

Simply go, phone or write your nearest BNS branch, state the amount you wish to deposit, and whether you need a book of 10 or 20 cheques. (The prepaid service charge of 10¢ a cheque can be charged to your account.) Personal Chequing Accounts are easy to operate, for all deposits, withdrawals and current balances may be entered in the cheque book itself... providing an accurate record at all times. If not convenient to come personally, you can deposit by mail. JOINT ACCOUNTS WELCOMED.

The BANK of NOVA SCOTIA

for 125 years a partner in helping Canada grow

Our staff at your nearest branch will be glad to explain how a Personal Chequing Account will help you.

The Zenith "Diplomat" gives new hearing ease and convenience. It can be worn at either ear and is one of the finest Zenith Hearing Aids made.

A FIGHTING SHIP AT WAR

This is a scene from "Away All Boats" starring Jeff Chandler, George Nader and Julie Adams showing at The Pines Drive-In theatre tonight and

Saturday. The film depicts the exploits of a fighting ship in the South Pacific during World War II.

Expense of Funerals Attacked, Defended

By RICHARD GWYN
BUP Staff Correspondent

TORONTO, (BUP) — Are modern funerals needlessly expensive and elaborate?

At least two leading Canadian funeral directors defend their profession against these often heard criticisms.

Church leaders and the newly formed Toronto Memorial society (an organization "dedicated to encourage simplicity, dignity and moderate expense in funerals") recently spoke out against current funeral methods. They charged that funerals have degenerated to the level of "Hollywood spectacles" and that undertakers and florists are "partners in death."

"Speaking in defense of their field were Paul Keenan, executive secretary of the board of administration of the Ontario Embalmers and Funeral Directors act, and C. C. Harper, a vice-president of the board and a practicing funeral director at Waterford, Ont."

A series of sermons criticizing funeral arrangements were made 18 months ago by the Rev. Donald R. Stout, minister of the South Peel Unitarian church. These led to the formation of the Memorial society.

Mrs. Eric Adams, a member of the society's board of trustees, explained that the society's board of trustees, explained that the society's first aim was to give advice on how funeral costs could be reduced. She said the average \$600 funeral could be substituted for a \$130 funeral. The society also quotes minimum cremation costs at \$260.

"A lot of people who complain of the 'excesses of funerals,' he said, 'play a different tune when it is their own who have died. Then they, too, want to put on a good show in their honor.'"

Both Keenan and Harper complained that funeral directors were "forgotten people" who were called in when there was a job to be done and then quickly forgotten. Keenan cited the case of the Noronic disaster on Lake Ontario when 119 persons were killed.

"We funeral directors were called in to clean up the mess, and some mess it was, too." But none of the funeral directors were invited to attend a banquet held later to honor the various committees and organizations which helped in the disaster work.

Keenan said morticians are "more than willing" to co-operate in any "reasonable" attempt to cut funeral expenses. One co-operative society operating in the Catholic German congregation of St. Patrick's in Toronto, has a contract with a funeral director for \$350 funerals. A subscription of 50 cents is taken among the 1,000 members each time a parishioner dies.

Similar arrangements have been worked out in other parishes and with trade union officials, Keenan said.

A major aim of the society is "to encourage fitting memorials."

Six Teachers' Resignations

KEREMEOS — Trustees of School District 10 have so far received six resignations from teaching staffs of schools at Keremeos, Hedley and Cawston.

A total of seven teachers have so far been appointed to these schools.

In addition to the resignations and new appointments, Miss E. Bartlett of the Keremeos elementary school is going to Britain on an exchange basis. Anthony Cartwright is coming to the school in her place.

The resignations and new appointments are:

Similkameen Junior-Senior high school — M. Lutack, Mrs. M. Boyko and P. W. Minchin have resigned. Lloyd Rees, Miss A. Vallister, H. Proctor and Mrs. E. Johnson have been appointed.

Cawston elementary school Mrs. Shirley Clarke has resigned. Miss D. Vallister has been appointed.

Hedley elementary school E. N. Longton and K. Longton are retiring. G. E. Rennie and Mrs. Ethel Rennie have been appointed.

Keremeos PTA Gives Awards to Students

KEREMEOS — Ariel Spencers and Terry Tesson, grade six students of Cawston and Keremeos Elementary Schools, are winners of handsome leather binders presented by the South Similkameen Parent-Teacher association to the students obtaining the highest standing in graduating to Similkameen junior high school.

The binders were presented by Mrs. Evelyn Yung, the retiring president of the association, at the annual general meeting Monday evening.

Officers elected for the school year 1957-58 were: president, F. C. McCague; vice-president, Y. Wiens; secretary, Mrs. A. Advocaat; treasurer, Mrs. K. Smith. Selection of the various committees was left until the association reconvenes in September.

The association collected \$25 towards the Keremeos Centennial committee, the amount to be raised by a special effort on behalf of the members.

While it has not been the policy of the association to contribute to the many good causes outside its scope, consensus of opinion was that the centennial celebrations were in the interests of all

citizens, and should be supported. Refreshments were served by the committee in charge following the meeting.

Militia Assured Of Top-Notch Training

Maximum training is assured for 1500 officers and men of British Columbia militia units who entrain for Camp Wainwright on June 28.

Three trains and special aircraft for advance parties will leave for the vast prairie camp where instructors from top regular army units are waiting to show the "part time" soldiers the latest in army equipment and training techniques.

Concentration of units from all over Western Canada will give British Columbia units a chance to trade experience and methods of training.

The latest in armor, guns and transport will be available and sufficient instructors are assured to provide the maximum benefit for the week's training.

Special courses will be offered to all ranks and trades.

Militia Award Won By Unit

For the second time in three years 24 Medical Company, RC-AMC, Vancouver, has been judged the most proficient militia medical unit in Canada.

This was recently announced by the Defence Medical Association of Canada and carries with it the award of the prized Ryerson Trophy. To complete the year as top unit they also won the Wiens Trophy as the most proficient militia medical unit in Western Canada.

On hand to congratulate the unit was Brigadier S. G. U. Shier, Director General of Medical Services from Ottawa who is presently touring the area. Colonel Maurice Wiens, Edmonton, presented the Wiens trophy during parade this week to the Officer Commanding Lt. Col. C. E. Robinson.

Guests at the event included Brigadier Joseph Bishop, B.C. area commander; Honorary Colonel R. Huggard, and Colonel J. S. McCannell, command medical officer, western command.

A glockenspiel for use in the regimental band was presented during the evening by Colonel Laval Leeson, honorary colonel of the unit.

FIRST FINGERPRINT BOOK

The first investigator to publish any observations on the use of fingerprints in identification was Dr. Henry Faulds in 1880.

According to the Book of Knowledge he was an Englishman living in Tokyo. However, Sir William Herschel had been using fingerprints in India from 1860.

CPA Pilots To Learn Controls Of Turbo-Jet On Link Trainer

VANCOUVER, (BUP) — Canadian Pacific Airlines will use a link trainer-like system to teach 60 of its senior pilots to fly the Bristol Britannia, the world's largest and fastest commercial airliner.

Six Britannias will be delivered by March, 1958.

But next fall, the trainees will be learning to fly them in two scale models of the complicated control panel.

Capt. B. A. Rawson, the director of flight development for the airline, Capt. H. Johnson and Capt. W. S. Roxborough, recently returned from a nine-week Britannia technical course at Filton, England, where they received complete familiarization on the turbine-powered aircraft.

Each plane will need at least three crews. The first group of pilots will begin training in September and all captains, second officers and first officers will be ready to fly them when they are delivered.

A synthetic training building is being built at the Vancouver airport for the two flight simulators. One, being built by the Rediffon Company at Crawley, Sussex, will be delivered in early December and the other, under construction at the Canadian Aviation Electronics Co. in Montreal, will be ready in November.

"These simulators will enable

LEADERS SHOW THE WAY

JASONVILLE, Ind., (UP) — Twelve civic leaders kicked off this town's "clean-up campaign" by scrubbing the streets and sidewalks in the business district at 5 a.m.

"There ain't no loot—but wait'll you taste the lemon pie"

• A smooth, tasty wedge of lemon pie is worth taking risks for! That's the kind of lemon pie you get every time you use Jell-O Lemon Pie Filling. Brimful of true lemon flavor — because Jell-O Lemon Pie Filling is made from real lemons — with no juicing or grating for you to do. No guess-work either, and you make it in minutes. (Jell-O is a registered trade mark owned in Canada by General Foods, Limited.)

Microwave Tower Adds New Touch to Skyline

Vancouver will shortly have another silhouette added to its rapidly changing skyline — a different sort of silhouette.

This will be the microwave transmission tower atop B.C. Telephone Company Headquarters at Robson and Seymour. The tower which will soar 150 feet above the present eight storey building will be the western anchor of the cross country microwave transmission system which is expected to go into service early in 1958.

The completed system will provide vastly improved long distance telephone communication across Canada as well as offering channels for TV transmission.

Footings for the tower on the William Farrell building are already in place and engineers expect construction to get under way next week. Steel for the tower is presently being hoisted to the roof of the building.

The structure will bear cornucopia antennas aimed to Haney, the first of 13 towers in the B.C. section of the system. There will be 137 towers, an average of 30 miles apart and within sight of one another, in the entire Trans-Canada system.

The microwave system is one of the most important developments in communications in recent years.

Each channel of the six which will eventually be available, according to engineers, carry 600 simultaneous telephone conversations, or 120 phone conversations plus one TV circuit.

LIKE SUPER HIGHWAY

W. S. Pipes, vice-president and general manager of the B.C. Telephone Company, describes the channels thus:

"Let's say we have a super-highway, with six lanes running in each direction. The present traffic doesn't call for them all to be finished immediately, so we pave those we need."

"With microwave system, we plan to put three into action, for a start. There'll be one exclusively for telephone, one for TV circuit and one on standby."

Work on the erection of the B.C. relay towers, on a series of mountain tops between Vancouver and Crow's Nest Pass, began as soon as the spring thaw allowed. Footings and buildings for electronic equipment were put in last summer after months of testing the locations with portable equipment for line of sight contact with the locations on either side.

All but two have power from commercial sources, but despite this all have emergency power supplies which will cut in automatically if the commercial supply is interrupted. The actual microwave gear will be installed by Northern Electric Company, which is handling the job right across Canada.

One of the most difficult locations for a tower in B.C. is Dog Mountain, near Hope. Access to the peak is so difficult that engineers had to build an aerial tramway to take in supplies and equipment. Work is progressing on the construction of the building and tower footings atop the mountain.

The B.C. towers are expected to be completed this year and the entire system to be in use in the spring of 1958.

HORSE-BLESSING RITES

Here is a general view of the procession to the Beiger church in Niederbreichen, in the Taunus mountains of Germany, during the annual ceremony of the blessing of the horses. More

than 250 farmers took their horses to the church this year. The custom was first established in 1903, but was banned by Hitler's Gestapo in 1938. It was re-established in 1946.

Many Local Dancers Attended Big Washington State Jamboree

BY H.G.A.

The Washington State Square Dance festival held at Yakima last Friday and Saturday was a complete success, and a very large crowd enjoyed the dancing in the park, and in the various halls in the city.

Local dancers attending this dance were: Cherry and Gus Geros, Edna and Roy Weaver, Anne and Ed Bromley, Marjorie and Harold Hoey, Elsie and Glen Ashcroft, Elsie and Bruce Barritt, Margaret and Joe Foster, Gladys and Percy Coulter and Alice and Dave Craig. Cecil Scott also attended. Our local callers, Elsie Barritt, Glen Ashcroft, Cecil Scott and Percy Coulter did their share of calling.

The summer program of dancing in our city has now been settled, and other dances in our area have been arranged as follows:

Dancing in Gyro park every

Wednesday night, and also every Saturday night (except on July 6) from now until August 10.

Summerland Youth Centre on July 6; Apricot Fundae dance at Oliver on July 13; Oliver Community hall on June 22; Vernon on June 22 with Al Berry as M.C.; Revelstoke on June 22, with Ernie Funk as M.C.

Regarding the dance in Vernon — There is not very much information about this dance, and we believe that this is a combined popular and square dance with Al Berry in charge of the overall dance program. There will be a dance in the Ball Park in Orville on June 29 with Bill French in charge of the program.

The round dance program for the Square Dance jamboree which will be held in Penticton in August is now being developed and as soon as this program is ready it will be made available to all those interested in learning the round dances to be done at that time.

Please save this column and refer to it thus learning where a square dance has been arranged. This column may not appear again for a short while as your correspondent is attending the Square Dance Institute at Shawinigan Lake, Vancouver Island for a week at the beginning of next month.

The dancers should dance as often as possible and remember that square dancing is FUN, and the fellowship and the easy informality among dancers is a priceless thing.

QUICK INVASION

One of the oddest episodes in Canadian history took place in 1866, the year of the Fenian Raid on Fort Erie.

A body of 1,500 Fenians (an Irish American organization seeking to strike at Britain through attacking Canada) crossed from Buffalo and seized the village of Fort Erie.

They were driven out by the militia after a short tussle and the whole affair was over in about 24 hours.

Highway Worker Shot By Rival

TOCCOA, Ga., (UP) — A mountain swain who doubted his sweetheart's fidelity secreted a shotgun at their trysting place and used it to kill a rival he found embracing the woman in the same leafy hideaway.

The alleged gunman, James Darling, 29, was captured Thursday after an all night manhunt. The fugitive had dodged pursuers by hiding in thick kudzu vines, by stealing a pair of shoes to confuse bloodhounds and using another man's driving license.

He finally was captured after he slipped into his mother's house and officers outside heard him tell her: "I killed a damn man this afternoon."

The victim of the triangle slaying was Joe Brown Martin, supervisor of maintenance for the state highway department in this area, brother of a legislator and member of a prominent family.

Identities of the woman in the case and of another woman who witnessed the shooting were withheld to protect their reputations, officers said. Ernest Carter, one of Martin's co-workers, said he was 100 yards from the scene and saw a man he identified as Darling fleeing into the woods.

Darling was brought to the stout jail here in Stephens County, which adjoins Banks county where the slaying was committed. Sheriff Banks, whose family gave the county its name, said Darling had made a statement admitting the shooting because of jealousy.

Darling, formerly a voluntary patient in an Augusta mental hospital, said that he planted the shotgun at the mountain lover's lane some time ago, Banks said.

He was waiting there, he was quoted, when his sweetheart showed up at the rendezvous yesterday with Martin. The spot is 100 yards from Martin's bridge, named for the victim's family, and six miles from Homer, Ga., the county seat.

After Darling snatched up the shotgun and killed Martin, Banks said, the woman with Martin attempted to wrest the weapon from him. The slayer then ran into the woods and disappeared in the kudzu, a lush vine valued as a cover crop.

After one of the women notified the sheriff's office, some 50 officers and volunteers searched the area. At one point, according to the suspect's statement, police flashlights were pointed almost at his face but the kudzu concealed him.

After bloodhounds were brought in, Darling darted from his hideout and robbed a drunk stepping on the highway of his shoes and driver's license. The bloodhounds picked him up after he donned the stolen shoes and when one searcher spotted and challenged him he used the driver's license to feign identity.

But before dawn the posse stalked out Darling's mother's house and there the hunt ended.

Any symptoms of appendicitis should have medical attention. Until the doctor arrives, the patient should lie down and no food or stimulants should be given. A little water would not be harmful.

The first homogenized milk was successfully introduced to consumers in 1927 in the city of Ottawa, Ontario. Commercial sales of the product were begun in the U.S. in 1932.

Hockey Star Becomes Auto Service Manager

Kevin Conway, outstanding hockey player for Penticton V's for many seasons, is taking time out from puck-chasing to open a new service station in Penticton.

The newly constructed station, to be known as Kev's Carmi Service station, officially opens tomorrow. It is located on the east side of Main street at Carmi avenue.

While he'll have his hands full now getting the service station started, 27-year-old Kevin smiles

ingly announces he'll be reporting for the hockey wars this fall with the local team.

Kev was a member of Penticton's world champion hockey team which travelled to Europe to beat all other teams in international competition. Kev was right defenceman for that famous team, the position he has played most of his hockey career.

PERSONALIZED SERVICE
About his new venture as manager of the big Standard Oil service station, Kevin Conway is en-

thusiastic. Instead of throwing body checks as his practice is on the ice, Kev will be attempting to please all customers with what he proudly states is a "personalized service."

Among the features of this service Kev points to his follow-up plan for reminding customers their cars may need another periodic lubrication and oil change. This is done through a "personalized" filing system, by which a record is kept of work done and when it was done on each

customer's car.
The new station, open from 7 a.m. to 10 p.m., will offer gas and oil sales, lubrication, tire, battery and accessory sales and repairs.

There will be a staff of three for the present.

The station, with 150-foot frontage on Main street has five entrances fronting on Main street, Carmi avenue and the property of Dairy Queen, a next-door neighbor to the north.

LARGE BLACKTOP AREA

The large black-top area, covering most of the station's 15,000 square feet, was laid by Starmix Paving Co. of Penticton, an expanding company in its third season of operation. In charge of the job for Starmix was asphalt superintendent Bill Flaherty, recently joined the firm from Vancouver.

Along Main street the Standard Oil station will beckon car drivers with a large rectangular sign, approximately four feet by 36 feet, and about 25 feet above the ground.

Manager Kevin, following the finish of last season's hockey battles, worked for some months with Dutton Williams, gas line contractors.

Hockey-wise, he has been with the Penticton V's for five seasons. He spent a seven-month stretch as playing coach of the Kamloops Elks but returned last June because, as he says, he much prefers Penticton.

The hockey stalwart, began his ice career in Cornwall, Ontario, where he first welded a stick at the age of eight. He later became a member of the Montreal Junior Canadiens who, in the 1948-49 season, won the Memorial Cup, emblematic of junior hockey supremacy in Canada.

In Montreal, he earned the title of Kevin "Crusher" Conway, a name which stayed with him, particularly when he played a season with the Vancouver Canucks under coach Murph Chamberlain. He says he thinks the nickname is with him to stay.

NEW SOUTH MAIN SERVICE STATION

One of the largest service stations in the recent spurge of such construction in the city officially opens Saturday. Carmi Service, latest retail outlet for the Standard Oil Company, will be under the management of

popular hockey player Kevin Conway. By coincidence, directly adjacent is a former teammate Jim Fairburn doing business in another service station. Situated on the corner of Main Street and Carmi Road the

modern new Chevron station commands an ideal location for both local trade and tourists entering the city from the south.

New Rules For Cherry Grading In Washington

Washington State Cherry Marketing Committee, at a meeting in Yakima, Wash., last week set up a regulation governing grading and size of the 1957 crop, fruit officials in Kelowna revealed recently.

The regulation is the culmination of weeks of effort by growers to assure only high quality cherries reach consumers.

To go into effect, the regulation needs only approval of the secretary of agriculture. This is expected shortly.

Under the terms of the regulation, cherries will have to be 75 per cent of U.S. No. 1 grade, provided a 10 per cent tolerance will be allowed for defects caused by serious damage, of which not more than one percent shall be

for cherries affected by decay. Faced-packed cherries will not have to be less than 54-64ths inch in diameter and unfaced packed cherries 48-64th inch.

Daily Beach Patrol To Enforce Dog Ban

VANCOUVER, (BUP) — The Vancouver pound plans a campaign to keep the beaches clear of dogs this summer.

It will hire an assistant keeper to make a daily patrol of all beaches operated by the park board. Stray dogs will be impounded and persons who have dogs with them will be summonsed.

Summer gardening usually brings its crop of cuts, scratches and abrasions. A handy first aid kit will provide the necessary dressings which should be used for every small wound, after cleansing.

Unitarian Group Plans Informal Sunday Outings

At a meeting at the home of Toni Onley, 308 Lakeshore drive in Penticton last Sunday, members of the First Unitarian Fellowship of the Okanagan decided that during the summer months the regular weekly meetings will be held on Tuesdays and that the group will try to arrange informal get-togethers for Sundays. Next Sunday the group will gather on the beach at Naramata at 4 p.m. for a weiner roast. The summer discussion meetings will centre around the many problems involved in establishing a church school.

Radiocasts for World Series games began in 1921.

JAPANESE THEATRE STAR

Michiko Hamamura, a teenage Japanese girl, who has become the rage of her country, autographs the tennis balls which she throws to the audience during her act. Crowds line up for hours before she is due to appear at Tokyo's huge theatre. Miss Hamamura has accepted an invitation to appear on a U.S. television show in September.

Keremeos Planning Fun-Filled July 1

KEREMEOS — The Keremeos Victory Hall society is sponsoring an old fashioned day of fun for all ages here on Dominion day.

This hard-working group of citizens has many obligations to meet and many improvements to make on this large community hall, built in the early '20s as a memorial to those who served in World War I.

The celebration's to be held in Memorial park, will include nail driving contests, novelty races, bicycle racing, chain-saw contests, and two baseball games with the local Babe Ruth team and Indians playing. A giant bingo will conclude the affair in the evening. There will be decorated bicycles and wagons for the youngsters, too.

Mrs. Quintin Robertson and her three children of North Vancouver are currently visitors at the home of Mrs. Quintin's parents, Mr. and Mrs. E. C. Armstrong.

G. A. Ross, municipal clerk of Keremeos is a business visitor at the coast.

Mrs. Frank Sorge is a patient in Penticton hospital.

LEGION L.A. TO SPONSOR CUB PACK

Mrs. Art Reimche, treasurer of the L.A. to Branch 192, Canadian Legion, was official delegate to the zone council meeting held in Osoyoos June 9.

At the monthly general meeting it was decided unanimously by the auxiliary to act as sponsors for the Keremeos Cub pack. The auxiliary also pledged a minimum of \$50 to the local centennial fund and in order to raise funds it was planned to hold a street bazaar in town Saturday evening, June 23.

Mrs. Wilson submitted an interesting report on "Boys' Town". Mrs. F. Peck and Mrs. D. Carlson were co-hostesses.

Mayor Likes CNR Museum Train Show

WINNIPEG, (BUP) — Winnipeg Mayor Stephen Juba was so impressed with the Canadian National Railways museum train that he invited the railway to make Winnipeg its permanent home.

In a letter addressed to Donald Gordon, CNR president, the mayor expressed the city's appreciation for the exhibit and said:

"I would welcome the opportunity to be able to find a permanent home here in our city for the museum train at the conclusion of the tour."

The Mason Dixon line was named after Charles Mason and Jeremiah Dixon, British astronomers whose calculations were used in determining the boundary between colonial Maryland and Pennsylvania.

B.C. Compensation Paid \$21 Million

The annual report of the Workmen's Compensation Board for 1956 shows that the Workmen's Compensation Board paid out or set aside \$21,207,594 to cover compensation awards last year.

This was the highest amount paid out by the Board in any one year since the Act came into being in 1917.

Injured workmen received \$8,221,964 in time-loss compensation; \$4,161,178 was paid out by the Board for the medical care of these injured men.

The total cost of permanent disability awards amounted to \$6,624,452, and \$2,278,117 was awarded to widows and dependents of workmen killed on the job.

The Board's pension fund in the bank amounted to \$76,375,041 to cover the cost of pensions awarded during the past years. This money has been set aside by the Board to guarantee payment of monthly pensions to widows, dependents and permanently disabled workmen. A total of 3,574 widows and dependents and 9,977 permanent partially disabled workmen were in receipt of pensions.

There were 95,562 accidents reported in 1956, an increase of 15 1/2 per cent over the previous year. Of this total, 324 were fatal accidents, an increase of 40 per cent.

The number of employers registered with the Board at the end of 1956 was 27,941, an increase of 2,088 over the previous year. The Board's new rehabilitation

centre in Vancouver, considered one of the finest of its kind in North America, is going into its second year of operation.

This centre offers complete facilities for the treatment of injured workmen. Last year 3,751 workmen received physiotherapy treatments at the centre.

The Board's 22 safety inspectors made 10,053 inspections throughout the province in 1956.

Swifts, the most aerial of all birds, never alight on the ground unless hurt. They gather all their food and nesting material while flying, drink skimming over water, and mate in mid-air.

A "dead glacier", one that thaws before it reaches the ocean, is as brittle as glass yet as pliant as tooth paste, says the National Geographic Society.

Still Canada's best-seller!

Year after year — and now again in '57
Chevrolet outsells them all!

Yes! Regardless of what you may read or hear—Chevrolet is the passenger car sales leader in Canada. The SALES FIGURES show just how far ahead Chevy really is! Look at the facts opposite — spectacular evidence that Canada has again taken Chevrolet to its heart! And the preliminary May reports (from over 28 major cities) show Chevrolet lengthening its already impressive lead!

And look at Chevrolet... see for yourself the many ways that this car has earned this overwhelming popularity... how Chevrolet gives Canada what Canada wants! The beauty Canada wants, Chevy has — a proud Body-by-Fisher masterpiece! Step inside, and the richness and roominess make you think you're right out of the low-priced field. Drive this greatest of all Chevrolets, and you discover the famous handling ease, the new softer ride, the nailed-to-the-road sense of security that Canada wants — and gets — from the leader! Plus unbeatable performance, with a fabulous choice of engines—ultra-modern V8's and the world's thriftiest, peppiest, best-liked Six!

Come meet the big best-seller... farther ahead of competition with every month! See, drive and price the car that's setting the unapproachable pace for value, popularity, sales! Make it soon—at your nearest Chevrolet dealer's.

New Canadian House Designs

DESIGN 137: Segregation of the master bedroom and its bathroom is a feature of this two-bedroom bungalow plan by designer Alan Hanna and architect J. Varro, of Regina. Total floor area of the house is 1,166 square feet and the exterior dimensions are 37 feet, four inches by 33 feet, two inches. Working drawings for this plan are available at minimum cost from Central Mortgage and Housing Corporation.

BECOMING NECESSITY

Air Conditioning Is No Longer Luxury

Everybody still talks about the weather, but now (unlike in Mark Twain's day) a great many people are doing something about it.

What they are doing is air-conditioning, their homes for cool comfort from one end of the summer to the other. In fact, air-conditioning is fast leaving the "luxury" class and become a necessity in the view of most families.

There are several practical ways in which air-conditioning can be installed in an older home. 1. Central air-conditioning which comprises a central unit, ducts and registers.

2. Units that become parts of existing warm-air heating systems.

3. Units that become parts of hot-water heating systems.

4. Individual room air conditioners.

CENTRAL SYSTEM
A central air-conditioning system calls for a basic unit, containing a compressor, condenser, cooling coil, air filter and blower, along with a duct system to rooms and room registers.

The blower pulls warm air into the unit where it is filtered and circulated over coils containing a refrigerant and then blown into the house through the ducts.

The heat from the air is absorbed by the refrigerant in the coils and transferred to the condenser, which (if water cooled) is connected with the house water supply pipes in which the flow of water picks up the heat.

In the air-cooled condenser, the refrigerant is cooled by a stream of air. The operating unit may be located in the attic, basement, utility room or outdoors.

Often the air-conditioning unit can be incorporated into the existing warm air heating system, thus utilizing the same ducts and registers. "Year-round" air-conditioning systems are becoming increasingly popular.

Other heating-cooling combinations use water, which is chilled by refrigeration apparatus and circulated through the house by thin pipes used to circulate hot water for heating. In other cases, small pipes can be installed without expensive alteration.

COMBINATION SYSTEM
One new combination hot-chill-of water system uses homebased distributor units for both heating and cooling. These are installed around the perimeter of the room, at floor level, and appear similar to the conventional base-

board radiator which heats the home.

Room air conditioners are easily installed and two or three room units can make even a large home much cooler. They may be either air or water cooled.

Baby Swabs Find Their Way Into Tool Kits
Young mothers have a new problem on their hands when they discover that the cotton swabs for the baby vanish from the medicine cabinet but turn up in the home handyman's tool kit.

It seems that these swabs, with non-linting cotton wrapped around both ends of a smooth birch stick, are wonderful for delicate painting and oiling jobs.

For instance, when you're working on the thin edges of trim or the corners of a window frame, it's a lot easier to handle a cotton swab than a tricky painter's hair brush. Also when you're through with the swab you can throw it away, while brushes cost money. The baby will understand some day.

Hard-to-reach paint spots in corners can be quickly cleaned by dipping a swab in turpentine and a dry swab can be used to dust corners before painting. Dipped in ammonia or other cleaning agents, the same tool can be used to whiten discolored mortar between wall tiles in kitchen and bathroom.

Other uses for swabs include touching up scratches on furniture, spreading glue and lubricating delicate machinery, locks and hinges.

BLOW IT OUT
It may not be the heat, it's the humidity, but ventilating fans, exhaust fans and ceiling fans help to get rid of heat.

COOKING WITH GAS
She'll do anything to get me to buy a new gas range!

PENTICTON, B.C.

MAKE LIFE EASIER

Push Buttons Invade Home

The "push button era" is not only burgeoning in today's industry and business, but is advancing with giant strides into the realm of the home (to the infinite satisfaction of the homemaker).

The major objective here is much the same as in factory and office: to conserve time and energy, so that both may be devoted to more constructive activities. The end result, in the home, is that life is made easier, more comfortable, more enjoyable for everybody.

Everywhere in every way, more and more families are "living better" electrically.

Mother in her kitchen with its multiplicity of work-saving, time-saving appliances, had in his electrically powered home workshop, the youngsters viewing their favorite TV program, the whole family enjoying the comfort of air conditioning, all are benefitting directly from the manifold contributions to better living which have been made by the electrical industry.

WEALTH OF DESIGNS

Buyers of new electrical appliances in 1957 will have a wealth of new designs to choose from. Some manufacturers have gone in for a "straight line" look which not only presents a sleeker appearance but also permits appliances to be placed flush with walls or under cabinets for an "out of the way," built-in effect.

Several types of freezers are on the market to answer every family's space requirements. Upright, chest, wall-hung and drawer-type models are available. One upright freezer on the market holding up to 640 pounds of food, stores and displays contents like books on a shelf.

Electric ranges now come with many new convenience features—such as ovens equipped with rotisseries; "vertical" broilers which broil both sides of the meat at once; surface units that fold back into the wall when not in use; ovens that can be raised or lowered like an elevator and thus do away with stooping.

Standing watch over cooking is no longer necessary. The automatic thermostat controls which, years ago, revolutionized baking, are now standard for surface cooking units. The housewife who owns an electric range equipped with automatic surface unit controls simply puts the pan on the cooking surface and touches a button or sets a dial for controlled heat cooking that assures finest results without constant watching.

REFRIGERATOR INNOVATIONS

There are remarkable innovations too in electric refrigerators such as models which are installed on the wall and sectional models where the refrigerator and freezer section, in separate units, may be installed waist-high at counter level, mounted atop each other or beneath a work surface. A "free-standing" unit is also available which can be used as a room divider, recessed in an alcove or placed against a wall. In addition, electric refrigerators now offer sliding and turning shelves for easy access to foods, built-in water and

fruit-juice dispensers and many other conveniences.

Dishwashers now come in a number of loading types—top opening, front opening or pull-out. For the apartment dweller or home renter, portable or mobile styles are available, require no special plumbing or installation. These also can be permanently installed if later desired.

School age children "eat up" fresh clothes. The new electric washer-dryer combinations which wash, rinse and fluff-dry in one continuous operation make wash-days a snap. Some even chose the correct amount of water necessary to wash each load efficiently. Matched washers and dryers can be placed side by side to give added counter top working space in the kitchen, or stacked one on top of the other to conserve floor space.

KITCHEN POWER CENTRES

Increased use of small electrical helpers and the resulting heavy electrical loads have taken kitchen "power centres" out of the luxury category. They are usually wired for 220-240 volts and are equipped with up to three pull-out cords and two convenience outlets—all of which can be used at once. They can be had with an automatic timer so that appliances connected to them can be turned on and off automatically.

Ways To Check A Sweating Tank

The annoyance of condensation dripping from the outside of a water closet tank can be avoided in two ways. One is a new supply valve that mixes hot and cold water thermostatically to keep water in the tank tempered. This valve can be installed in bathroom, basement or utility room.

Another system is to use a tank within a tank. The air space between the two tanks acts as insulation and prevents so-called sweating on the outside.

Attic Provides Cheap Way To Enlarge House

Lucky is the home owner who has an attic. It provides the cheapest way to enlarge a house. Extra rooms can be finished off in an attic for a fraction of the cost of building an addition.

Youngsters are enthusiastic about their own rooms in an attic. Roll-away cassettes under the low part of a roof slope make it easy to clear the deck for a big play space in the middle of the attic. Beds, toy boxes, even book shelves can be mounted on smooth rolling casters to slide to their proper places out of the way.

Building a boy's room of this type can be an economical, easy and satisfying project for the home handyman. Various popular materials simplify the job. Stubby studs, about shoulder height for a man, can be paneled in knotty western pine boards and given a natural finish to keep them both serviceable and attractive. For a complete den effect the entire ceiling can be paneled, or for a bedroom touch the ceiling can be covered with predecorated wall-board.

With the carpentry finished, a mother will go right ahead with final touches, curtains, bedspread, pictures and rugs.

DURABLE OUTDOORS

Spar varnish is a durable finish for exterior surfaces. It is originally prepared for boats. It is especially resistant to rain and sunlight.

MORGAN'S
Plumbing & Heating Co. Ltd.
419 Main St. Phone 4010

A hassock can be made by the home craftsman to have that finished furniture look.

The legs are made of 2 by 4-inch lumber, tapered as shown in the diagram. Start the taper 8 1/2 inches from the top end of the leg.

The stringers are made of 1 by 4-inch lumber. Use a miter box to help cut square ends.

The legs and stringers are assembled with dovetail joints. Dovetail holes 1/2-inch in diameter are drilled with a No. 6 auger bit. The holes are

drilled 1 inch deep. Cut the dovetail 1 1/2 inches long and groove them to provide a tight joint. The braces are cut from 1 by 4-inch lumber. Assemble them to the frame with No. 10 flathead screws, 1 1/2 inches long.

Make the top of 1 by 8-inch lumber. Fasten in place with 6-penny finishing nails. Cover the stool with foam rubber and upholstery material. Use decorative tacks to fasten the material in place.

Materials Needed
1 pc. 2 x 2 in. x 6 ft.

LATEST RADAR GETS CLOSE SCRUTINY

The subject under discussion between pilot Capt. James Black and Mary Melina, both of Vancouver, is the Canadian Pacific Airlines new radar equipment, the newest method in evaluating en route weather conditions to ensure a smooth

flight. The equipment will first be used on CPA aircraft flying to Mexico and South America. Captain Black points out one of two radar screens resembling a small TV set. When the aircraft approaches a thunderstorm area the contours

of storm clouds hiding hail, snow or lightning appear on the screen as dark centres surrounded by light area. Using this information the pilot can steer a smooth path through the turbulence. Miss Melina is CPA reservations assistant.

CAWSTON

Mr. and Mrs. John Nelson and three children of Everett, Wash., were recent visitors with Mr. and Mrs. Charles Rash.

News of interest to Cawston residents is the announcement of the forthcoming marriage of Miss Dorothy Evelyn Sayers to Stephen Himech which will take place in Houston, B.C., on June 29.

Michael Jones of New Westminster has been the guest of his aunt, Mrs. J. Sharpe this past week.

Mrs. A. Crow of Penticton was a visitor at the home of her son David Crow.

Cawston residents in the Penticton hospital recently were B. Newton, Mrs. Lake, Mrs. Watts, and little Carrie Zuke who suffered a badly cut thumb. Miss Gina Bush is also still in hospital.

Mrs. Adele Davidson is holidaying with her niece in Vancouver for the month of June.

Mrs. G. Armstrong has returned to her home in Cawston after an extensive visit with friends and her sister Mrs. Harper in Goshan, Indiana.

Mrs. D. C. MacDonald has had Mrs. E. Klassof of Regina as her guest this last week.

Mrs. J. Sharpe has returned home from Vancouver after attending the funeral of her mother, Mrs. Mary Elizabeth Smith.

Mr. and Mrs. Glen MacKinnon and family of Edmonton, have been visitors with their brother and sister-in-law, Mr. and Mrs. Ray Bassnet.

The annual Sunday school and church picnic of the Cawston United Church will take place June 23. Members will meet at the church at 3:30 p.m. and then proceed to the picnic ground.

The May meeting of the P.T.A. had 15 members present with Mrs. R. Clarke's room receiving the prize for parents' attendance. Mrs. Art Advocate of Keremeos gave her report of the recent convention held in the John Oliver high school in Vancouver. Mrs. Horne will be present for the June meeting and will preside at the installation of officers.

At the public meeting for the centennial project and celebration it was decided to try and raise the grant to \$1,000 to be used for completion of the community hall and developing a park in the adjacent vicinity.

Mr. and Mrs. J. Shaylor of Orkney, Sask., were present for the graduation of Miss Lorraine Cooper who is their god child. They will remain as the guests of Mr. and Mrs. Hurd Cooper for a week.

U.S. Broadens Russian Trade

WASHINGTON, (BUP) — The U.S. government has broadened trade with Russia and her European satellites.

The commerce department said about 200 articles have been added to the list of non-strategic goods that may be shipped to Russia and other iron curtain nations without special export licenses.

The list of new goods includes such items as cattle hides, flashlights, traffic signal lights, home freezers and garbage disposal units.

Lois Marshall First Of "Series" Artists

Lois Marshall, brilliant Canadian soprano, will be the first featured artist in next season's South Okanagan Community Concerts series, it was announced today.

Bookings have now been confirmed and Miss Marshall will be followed by such well-known stars as pianist Leonard Pennario, the Rudie Sinfonietta, and tenor Jon Crain.

Miss Marshall, a widely-acclaimed artist, has risen rapidly to an enviable position in the world of music.

Critics greeted her European debut last spring with "an ovation reserved for the few". She was described as "evoking the

Gas Line Pipe Not Defective At Vancouver

VANCOUVER, (BUP) — Officials of Westcoast Transmission Company say there is no truth to a rumor that a large section of their pipeline through British Columbia has been found to be defective and must be replaced.

The officials say they have had an unusually large number of leaks during the testing of one shipment of pipe, but that this shipment is now all tested and the portion of the pipeline completed is ready for operation.

They said one shipment of pipe in 1956 from an English firm was the first pipe made by that mill and during testing it broke more frequently than is usual.

Westcoast reports that the 650-mile pipeline through British Columbia is 85 per cent complete and will be in operation by August, at least two months ahead of its scheduled completion date of November 1.

Canoe Sawmill Rebuilt, To Be Opened July 3

"Official" opening of the rebuilt Co-op Lumber Mill at Canoe, near Salmon Arm, is scheduled for July 3, at a special ceremony to which the public is invited, according to an announcement by George Urwin, president of Federated Co-operatives Limited.

The Lumber Mill, which has been operated by the Co-operative since purchase from the Shuswap Lumber Company in 1945, suffered serious loss last July when the sawmill section of the mill proper was destroyed by fire.

The rebuilt mill embodies the latest in equipment and design and is now one of the most modern mills in interior British Columbia.

Federated Co-operatives is owned by some 155,000 Co-op members in over 500 Consumer Co-operatives throughout Saskatchewan, Manitoba and Northwest Ontario.

Hon. R. G. Williston, provincial Minister of Lands and Forests, will give the dedication address.

B.C.'s 100th Birthday Plans Advance Rapidly

VICTORIA — Plans for celebrating B.C.'s 100th birthday next year, ranging from lavish productions to simple entertainment, are rapidly being approved by the B.C. Centennial committee.

Chairman L. J. Wallace today disclosed plans of more than 20 additional local centennial committees whose applications for the 40 cent per capita provincial government grant had been approved.

More than 40 per cent of the B.C. population and 20 per cent of the local centennial committees now have submitted their plans for 1958 and had them approved, he said.

The Greater Victoria Centennial committee, planning to work with all the area's many different groups for a year-long pattern of sports, cultural, artistic and other events, will receive \$47,278 for the job.

Up-Island, the small district of Cedar and surrounding area of Bright, part of Cranberry and North Oyster has ambitious plans including a pioneer banquet, hobby and crafts show, monthly dances, presentation of a three-act play by the Yellow Point Drama Group, a picnic and a possible air show at Cassidy.

OYSTER SHUCKING
Parksville plans a similar pattern of activities. So does Ladysmith and area, with an added feature being an oyster-shucking contest. Qualicum Beach will have a July carnival including a swimming gala and water sports.

Central Saanich, with 2,477 people and \$990 to spend, will hold school contests, dedication of a Centennial Park, sports competitions, a parade, pioneer honoring banquet and a pageant in conjunction with the Fall Fair of the

Apple Crops In Washington Also Hail Damaged

Hailstorm damage may have affected 25 to 30 per cent of Washington state apple acreage, a Yakima source has reported.

The source, a growers' expert, said his estimate is an early opinion, but probably only about 10 per cent would turn out to be seriously hurt by hailstones.

He said stone fruits were not too seriously hurt by hailstorms of June 1, 5, and 7. But recent cooler weather has been good for cherry sizing and maturity.

The agent said pear blight on the other hand, is serious, and is showing up on a wide scale throughout state fruit districts and is becoming a major menace in Yakima district.

It will bring an excessive pear drop.

The Yakima expert reported maybe 10,000 tons or more of Washington pears have dropped in the last couple of weeks.

He said hailstones tore fruit and leaves permitting blight bacteria to enter and spread. There have been reports of bacteria affecting Golden Delicious apples.

First cherry harvest in Washington started at Benton City Thursday.

North and South Saanich Farmers' Institute. Dear Creek's 140 persons will have a sports day in May and a beach party and barbecue in August.

Comox Valley Centennial committee has \$5,600 to spend since its area takes in Courtenay, Comox and 18 other districts. It will extend and promote Cumberland's annual Folk Festival and May 24th holiday celebration, and Courtenay's July 1 celebration. Comox Harbour will be used for water sports and yacht racing and Comox wharf for fireworks and an open air dance.

Errington and Coombs both plan centennial activities featuring dancing, picnics, sports and pioneer-honoring banquets and ceremonies.

HOSPITAL BARBECUE

For Dawson Creek and area, the celebration will centre around expansion of the annual August agricultural exhibition at Dawson Creek and the annual hospital barbecue at Pouce Coupe as well as sports and cultural activities. Armstrong-Spallumcheen Centennial committee will hold a big celebration in September centred around the three-day Interior Provincial Exhibition, extending

to another day.

Creston Valley's 3,510 people plan celebrations from May 10-17 some of which will include the Greater Lions annual blossom festival, veterans' day, an air pageant and Kootenay Night in the civic centre. New Denver will celebrate on the Victoria Day weekend. Edgewater and Telkwa have laid their plans well.

At Prince Rupert, which has 10,498 persons and \$4,189 to spend, a two or three-day celebration known as "Prince Rupert Centennial Potlatch" will be staged. The history of the district also will be published.

Port Moody and its 2,713 persons plan a large scale party involving a swimming program, drama and folk festivals, clean-up paint-up campaign, special days and sports and other events. Port Coquitlam plans a ball, souvenirs to all its 1958 babies, good citizen awards and a four-day series of special events, mainly sports, in August.

Boswell and its 104 persons plans an ambitious program of water sports January 11-25, fishing derby in August, water sports August 21 and a dedication day. Britannia Beach plans a sports day and Copper Queen celebration and dance, and Canal Flats will hold a sports day and dance.

Mrs. Norstad had duties to perform as well. She's "Minnesota Mother of the Year".

Agriculture and Health National Parley Topic

OTTAWA — Agriculture and its relation to the health of the nation will be one of the outstanding subjects to be debated by professional agriculturists from all parts of Canada when they gather for the 37th annual convention of the Agricultural Institute of Canada at Vancouver June 24 to 27, it was announced from the Institute headquarters here.

An entire plenary session is to be devoted to this all-important subject on the second morning of the convention, June 25, which will be chaired by Prof. W. J. Anderson of the University of British Columbia, with three distinguished guest speakers leading the discussion.

These will be Dr. T. W. McHenry, professor of nutrition, School of Hygiene, University of Toronto, who will open the discussion with comments on nutritional aspects of the subject; Dr. Margaret G. Reid, professor of Economics and Home Economics of the University of Chicago, who will deal with the economic aspects of the subject and Dr. Lawrence Ranta, assistant medical director of the Vancouver General Hospital, who will comment on the social aspects of the subject. Sophia Flies For Clothes

By RON BURTON
UP Staff Correspondent
HOLLYWOOD, (UP) — Italian actress Sophia Loren was flown all the way across the world so she could be clothed in dresses which cover her celebrated figure from neck to toe.

Dorothy Jenkins said Miss Loren's costumes for Don Hartman's "Desire under the Elms" must be true to the New England scene of 100 years ago. However, Miss Loren will accomplish for her dresses — or in spite of them — what few actresses could.

"That's because of her legs," Miss Jenkins explained. "You guys are always worried about waist-bust-hips measurements. If you'd stop and think about it for a while, you'd see that the length of the leg is just as important."

Miss Loren, it should be noted, is a five-foot-nine. Lots of her height is in her long legs.

DOMINATES SKIRTS
Back to Miss Jenkins: "Her costumes won't for a moment keep the beauty of her figure from registering. All garments were of the well-covering sort at the time of the story, but they won't interfere. Partly this is because of her height, a physical attribute lots of persons rarely notice. With her long legs she strides across the screen and completely dominates those full skirts in a way that would be impossible for a woman with short or long legs."

Miss Jenkins said an accompanying advantage of the Loren shape is the contrast between a very small waist and a full bosom. "This sort of thing is going to defeat any purpose the New England attire of a century back might have had in figure concealment."

"No one has to worry about Sophia," the designer added. "Circumstances will never put her light under a bushel. It'll shine right through."

IT ISN'T TRUE

Does an ostrich hide its head in the sand?

There is no reliable evidence whatever to support the idea. In fact, ostriches are very wary and they run off at top speed if there is danger in the air.

will then be held. For 37 years, the professional agriculturists of Canada have been meeting as a national organization devoted to promoting the scientific and practical efficiency of the profession and to making the profession of increasing service to Canada's farming industry.

Organized at first in 1919 as the Canadian Society of Technical Agriculturists, its prime purpose was the advancement of the interests of the professional agriculturist. However, the scope and objectives of the organization were somewhat broadened at the 25th annual convention when the name was changed to The Agricultural Institute of Canada, which has since become a strong factor in promoting the advancement of science in agriculture and relating this to the practical side of the farming industry.

The convention which opens on the afternoon of June 24 at the University of British Columbia is expected to be the largest yet in point of attendance, with some 700 to 800 present, judging from advance registration.

More than 170 papers will be delivered during the week to the main convention and to the meetings of the various affiliated organizations, which include the following: Agricultural Pesticide Technical society; Canadian Agri-

cultural Economics society; Canadian Phytopathological society; Canadian Society of Agronomy; Canadian Society of Animal Production; Canadian Society for Horticultural Science; Canadian Society of Soil Science.

Among papers to be presented three will deal with the subject of family farms in Canada, a matter which has been of outstanding interest in Canada of late years.

Three papers will be heard by the Agricultural Economics Society on Canada and World Agriculture.

Dr. R. W. Dawson, agricultural officer of the food and agricultural organization of the United Nations, will be the guest speaker at the annual banquet of the Canadian Society of Soil Science on Tuesday evening, June 25.

Frost Denies Hand In Choice Of New Cabinet

TORONTO, (BUP) — Premier Leslie Frost of Ontario Thursday refused a statement in the Toronto Star that he "had a hand" in the selection of cabinet ministers for Prime Minister-designate John Diefenbaker's new Conservative government.

He said he had not seen Diefenbaker "since the Hamilton rally three days before the election," and added that he had talked with Diefenbaker on "constitutional issues, but the cabinet was never discussed."

Frost was answering statements by Roy Greenway, veteran legislative reporter for the Star, who said that "when the new federal cabinet is announced tomorrow," Frost would have "played an important part in that choice."

Greenway noted that Frost gave Diefenbaker much more assistance in his Ontario campaign than he ever gave former Tory leader George Drew.

Peachland Forming Square Dance Club

PEACHLAND — Square dance enthusiasts who have been enjoying dancing on the average of once a week during the winter and spring months under the instruction of Ray Fredrickson of Summerland have now formed their own club, for both square and round dancing and call themselves the "Totem Twirlers".

President is Mrs. Alberta Bradbury, with John Ennes as vice-president. Mrs. C. H. Inglis was named secretary and Mrs. J. E. Ehlers, treasurer, and Kathy Seltenrich, of Westbank, as director.

It is the hope of the club to arrange a "party night" once a month, to raise funds for a telephone and loud speaker.

Beginners' classes will commence in October. It is hoped there will be a good turnout from Peachland and Westbank.

Anyone else interested is also invited.

Classes are open to all age groups.

Miss Barbara Topham arrived home by plane this week to spend her holidays with her parents, Mr. and Mrs. George Topham and friends in Kelowna.

Mr. and Mrs. Don Houghtaling of Prince George, were weekend visitors at the home of both their parents.

At the regular meeting of the Women's Institute held last Friday, final arrangements were made for the annual flower show and tea being held today.

Art Johnston of Beaver Lodge, Alta., who is touring the Okanagan, called into Peachland on Monday to renew old acquaintances. Mr. Johnston arrived here in 1905 from the Old Country, and resided in Peachland until the outbreak of World War I. It was the first time he has been in the district for over 40 years.

The United Church Sunday School picnic was held on Saturday at Gyro Park, Kelowna, with a good attendance. Races and ball games were arranged for the benefit of the children.

Mr. and Mrs. Ernie Lawley of Oliver were weekend visitors at the home of the latter's sister, Mrs. W. D. Miller.

Mr. and Mrs. Charles Seed arrived from Sicamous to live in Trepanier, having purchased the new home of John Mohlar.

Mr. and Mrs. George Finlayson and family of North Vancouver, were in town at the weekend.

Mr. and Mrs. Herb Coleman, of

Edmonton, have left for the coast and were accompanied as far as Chilliwack by the latter's parents, Mr. and Mrs. Neil Witt.

Mrs. Harry Hudson and her small daughter, Cameo, and Mrs. R. Rabb, of Esquimalt, have arrived at the home of Mrs. Hudson's parents, Mr. and Mrs. Neil Witt, for a short holiday prior to motoring to San Francisco to meet their husbands, whose ship, the Athabasca, is to dock in that port for three days, next weekend.

A bee-keepers field day was held in Westbank at Bob Neil's apary on Tuesday. Bee-keepers from Winfield, Peachland, Summerland and Westbank were in attendance, also J. Horner, provincial apiarist and Mr. Sands, both of Vernon.

Mrs. A. Bentdahl of Kelowna, spent the weekend with her son-in-law and daughter, Mr. and Mrs. Ray Redstone.

Mr. and Mrs. Harry Ibbotson and their two grandchildren, Iris and Heather Mar, have left for White Rock to reside. Mr. and Mrs. Ibbotson came to the district from Veteran, Alta., in 1933 and have made their home here since that time. Both were active in curling and will be missed by their fellow curlers next winter.

Bud Mash was home from Vancouver last weekend to see his brother-in-law and sister, Mr. and Mrs. Don Houghtaling of Prince George.

Baldness In Middle Age Shows Virility

EDMONTON, (BUP) — An Edmonton physician says that "middle-age baldness" is a sign of virility.

Dr. J. A. Gilbert told delegates at the 90th annual meeting of the Canadian Medical Association that excessive amounts of male hormone cause increased body hair and thinning head hair in the male. "Excessive amounts in the female cause xeminization."

Discussing the action of hormones, Dr. Gilbert said, hormonally, humans are bisexual, having both male and female hormones. Normal appearance and bodily function depends on a nice balance between the two hormones. Any upset may produce serious changes.

He added that he wondered what would become of the handsome heroes of Hollywood if these biological conclusions became common knowledge.

This year fly the

21 B.C. Scouts Among 357 From Canada Going To Valley Forge

VANCOUVER — When 357 Canadian Boy Scouts and Leaders camp at Valley Forge next July 12 to 18th, as part of the 50,000 Scout Fourth National Jamboree of the Boy Scouts of America, they will mark their campsite with a distinctive Canadian gateway. Two 8-foot cut-outs of Royal Canadian Mounted Police constables will flank an archway featuring the Dominion of Canada coat of arms and the crests of the ten provinces, topped by a spray of Canadian emblems.

Three trains will carry the Canadian Scouts to the historic camp site in Pennsylvania. On July 8th the Maritime Contingent will leave St. John, N.B., and will stop over in New York for sight-seeing. The Quebec contingent will entrain at Montreal. The third contingent, including scouts from Ontario to British Columbia, will leave Toronto on July 10th.

Leader of the Canadian Contingent will be Eli Boyaner, Saint John, N.B., who is New Brunswick provincial commissioner and a member of the Boy Scouts International committee. Deputy contingent leader and quarter-master will be B. H. Mortlock, executive commissioner for relationships at Canadian Scout headquarters in Ottawa. Assistant quarter-master will be Earle Chamberlain, a member of Canadian headquarters stores department staff.

Other assistant leaders include William Brandenburg, Stettler, Alberta, a district commissioner, who will be in charge of administration and records; Glen Olliphant, a Victoria, B.C. Scouter, who will look after programming

and public relations and James Blain, field commissioner on the Vancouver Scout council staff, in charge of transportation.

By provinces, the Canadian contingent will be made up of 21 Scouts and leaders from British Columbia; Alberta, 19; Saskatchewan, 4; Manitoba, 1; Ontario, 22; Quebec, 26; New Brunswick, 31; Nova Scotia, 14; Prince Edward Island, 5; and Newfoundland 4.

A headquarters staff of six
